Subject index *

A

- Abdominal electrocardiogram, short-term variability assessment from, during antepartum period (Nageotte et al.), 566
- surgery, previous, as risk factor in interval laparoscopic sterilization (Chi, Feldblum, and Balogh), 841
- Abortion(s), first-trimester spontaneous, and Y-chromosome length, relationship between (Verp et al.), 433
- second-trimester, previous cesarean section, placenta increta, and uterine rupture in (Berchuck and Sokol), 766 (Comm. in brief)
- women refused: correlates of pregnancy outcome (Binkin et al.), 279
- spontaneous, and congenital malformations, smoking and occurrence of: multivariate analysis (Hemminki, Mutanen, and Saloniemi), 61
- Absorption of donor cells in fetal lambs, kinetics of: intrauterine transfusion (Harman et al.), 830
- Acetylcholinesterase, amniotic fluid, as marker in prenatal diagnosis of esophageal atresia (Holzgreve, Beller, and Pawlowitzki), 641 (Comm. in brief)
- analysis, amniotic fluid gel, densitometry as aid in (Goldfine et al.), 317
- Actinomyces-like organisms on Papanicolaou smear in users of intrauterine contraceptive devices, factors associated with (Pettiti, Yamamoto, and Morgenstern), 338
- Actinomycosis infection associated with intrauterine contraceptive devices (Keebler, Chatwani, and Schwartz), 596
- Adenocarcinoma, diethylstilbestrol-related vaginal, preservation of reproductive potential in (Hudson et al.), 375 (Comm. in brief)
- Adenoma, virilizing adrenal, adrenal and sex steroid hormone production by, and its diagnosis with computerized tomography (Ho Yuen et al.), 164
- Adenomatoid tumor-like structures in subperitoneal nodules produced by sex steroids (Fuji et al.), 850
- Adnexal mass, simple cyst of kidney presenting as, in pregnancy (Lenke), 888 (Comm. in brief)
- Adrenal adenoma, virilizing, adrenal and sex steroid hormone production by, and its diagnosis with computerized tomography (Ho Yuen et al.), 164
- androgens, urinary norepinephrine metabolites, and platelet serotonin, psychological stress and increases in, in women with polycystic ovary syndrome (Lobo et al.), 496
- hyperplasia, acquired adult-onset, effect of adrenocorticotropic hormone and human chorionic gonadotropin before and after bilateral oophorectomy in patient with: case report (Raj), 614
- and sex steroid hormone production by virilizing adrenal adenoma and its diagnosis with computerized tomography (Ho Yuen et al.), 164
- Adrenergic agents, effect of, on ovulatory process in in vitro perfused rabbit ovary (Kobayashi et al.), 857
- Adrenocorticotropic hormone and human chorionic gonadotropin, effect of, before and after bilateral oophorectomy in patient with acquired adult-onset adrenal hyperplasia: case report (Raj), 614
- Adult-onset adrenal hyperplasia, acquired, effect of adrenocorticotropic hormone and human chorionic gonadotropin before and after bilateral oophorectomy in patient with: case report (Raj), 614
- Aerobic exercise program, maternal, maternal and fetal responses to (Collings, Curet, and Mullin), 702
- Agar colony formation assay, soft, for in vitro testing of sensitivity to chemotherapy of gynecologic malignancies (Williams et al.), 940
- Alabama, neonatal deaths in, 1970-1980: analysis of birth weight- and race-specific neonatal mortality rates (Goldenberg et al.), 545
- American Gynecological and Obstetrical Society, transactions, first annual meeting, 915-1075
- Amniocentesis, bloody tap: discrimination between fetal and maternal blood by means of hemoglobin electrophoresis (Richards and Miller), 837
- Amniotic fluid acetylcholinesterase as marker in prenatal diagnosis of esophageal atresia (Holzgreve, Beller, and Pawlowitzki), 641 (Comm. in brief)
- gel acetylcholinesterase analysis, densitometry as aid in (Goldfine et al.), 317
- lecithin/sphingomyelin ratio, correlation of real-time ultrasonic grading with (Tabsh), 504
- phospholipids after maternal administration of dexamethasone (Farrell et al.), 484
- rapid and specific enzymatic method for quantification of phosphatidylcholine, disaturated phosphatidylcholine, and phosphatidylglycerol in (Muneshige et al.), 474
- surfactant foam test, quantified scoring of, and assessment of factors contributing to false negative test results (Whitworth et al.), 752
- Androgens, adrenal, urinary norepinephrine metabolites, and platelet serotonin, psychological stress and increases in, in women with polycystic ovary syndrome (Lobo et al.), 496
- role of, in menstrual disorders of nonhirsute and hirsute women, and effect of glucocorticoid therapy on androgen levels in hirsute hyperandrogenic women (Ho Yuen and Mincey), 152
- Angiotensin I, generation of, by human chorion-decidua in vitro (Craven, Warren, and Symonds), 744
- by tissues of human female genital tract (Craven, Warren, and Symonds), 749
- sensitivity, decrease of, after bed rest and strongly sodium-restricted diet in pregnancy (Jaspers, de Jong, and Mulder), 792
- II, pressor responsiveness to, in hospitalized primigravid women with pregnancy-induced hypertension (Whalley et al.), 481
- modulation of, by circulating levels of angiotensin II in pregnant sheep (Siddiqi et al.), 458
- Anomalies, minor müllerian, and oligomenorrhea, fundal contour of uterine cavity in new syndrome of (Stampe Sørensen), 659
- Antepartum chronic fetal vesicoamniotic shunts for obstructive uropathy: report of two cases (Manning et al.), 819
- period, short-term variability assessment from abdominal electrocardiogram during (Nageotte et al.), 566
- Antibiotic prophylaxis, short-term, in high-risk patients following cesarean section (Hawrylyshyn, Bernstein, and Papsin), 285
- therapy, efficacy of, in preventing spontaneous pregnancy loss among couples colonized with genital mycoplasmas (Quinn et al.), 239
- Antibodies, anti-D, in D- and D^a-positive women: cause of hemolytic disease of newborn (White, Stedman, and Frank), 1069
- antiplatelet, and platelet counts in pregnancies complicated by autoimmune thrombocytopenic purpura (Scott, Rote, and Cruikshank), 932
- Antigen, herpesvirus, in human premalignant and malignant cervical biopsies and explants (Cabral et al.), 79
- TA-4, tumor, prognostic significance of, in squamous cell carcinoma of uterine cervix (Kato et al.), 350
- Antiplatelet antibodies and platelet counts in pregnancies complicated by autoimmune thrombocytopenic purpura (Scott, Rote, and Cruikshank), 932
- Arterial, radial, uterine venous, and peripheral venous levels of prostaglandins E and F in women with pregnancy-induced hypertension (Valenzuela, Harper, and Hayashi), 11
- and venous sera, umbilical, and maternal venous serum, concentrations of deoxycorticosterone, deoxycorticosterone sulfate, and progesterone in (Parker et al.), 427
- Arteriovenous fistula, carotid-dural, during use of oral contraceptive (Donaldson and Ramsby), 106 (Comm. in brief)
- Assay, soft agar colony formation, for in vitro testing of sensitivity to chemotherapy of gynecologic malignancies (Williams et al.), 940

*January 1, 1-122; January 15, 123-268; February 1, 269-388; February 15, 389-524; March 1, 525-652; March 15, 653-776; April 1, 777-914; April 15, 915-1100.

- Atresia, esophageal, amniotic fluid acetylcholinesterase as marker in prenatal diagnosis of (Holzgreve, Beller, and Pawlowitzki), 641 (Comm. in brief)
- tricuspid, pregnancy in patient with (Hatjis et al.), 114 (Comm. in brief)
- Atrial fibrillation during hexoprenaline therapy for premature labor (Frederiksen, Toig, and Depp), 108 (Comm. in brief)
- Autoimmune thrombocytopenic purpura, antiplatelet antibodies and platelet counts in pregnancies complicated by (Scott, Rote, and Cruikshank), 932
- Autonomic nervous system function in pregnancy, test of: Valsalva maneuver (Souma and Cabaniss), 274
- Avitene, evaluation of tendency of, to produce periureteral fibrosis in dog (Rao et al.), 87

B

- Bed rest and strongly sodium-restricted diet, decrease of angiotensin sensitivity after, in pregnancy (Jaspers, de Jong, and Mulder), 792
- Benign cystic mesothelioma involving female genital tract: report of four cases (Schneider et al.), 355
- Biodegradable contraceptive capsule (Capronor) containing levonorgestrel, effect of, on gonadotropin, estrogen, and progesterone levels (Ory et al.), 600
- Biologic risk factors, predictive significance of, for deficits in children of high-risk population (Low et al.), 1059
- Biopsies and explants, human premalignant and malignant cervical, herpesvirus antigen in (Cabral et al.), 79
- human uterine cervical, enzymatic screening of, in nonpregnant women and pregnant women at parturition (Martin et al.), 44
- Biparietal diameter and crown-rump length, comparison of reliability of estimated date of confinement predicted by (Kopta, May, and Crane), 562
- Birth prevalence rates of spina bifida in United States, estimates of, from computer-generated maps (Greenberg, James, and Oakley), 570
- weight- and race-specific neonatal mortality rates, analysis of: neonatal deaths in Alabama, 1970-1980 (Goldenberg et al.), 545
- Bladder, carcinoma of, in pregnancy (Cruikshank and Mc Nellis), 768 (Comm. in brief)
- Blockade, neuromuscular, effect of, on oxygen consumption and blood gases in fetal lamb (Rurak and Gruber), 258
- Blood, fetal and maternal, discrimination between, by means of hemoglobin electrophoresis: bloody tap amniocentesis (Richards and Miller), 837
- flow patterns, phasic, in superior and inferior venae cavae and umbilical vein of fetal sheep (Reuss, Rudolph, and Dae), 70
- placental, maternal prostacyclin, and thromboxane (Ylikorkala et al.), 730
- umbilical, effect of reducing, on fetal oxygenation (Itskovitz, LaGamma, and Rudolph), 813
- gases and oxygen consumption, effect of neuromuscular blockade on, in fetal lamb (Rurak and Gruber), 258
- Bloody tap amniocentesis: discrimination between fetal and maternal blood by means of hemoglobin electrophoresis (Richards and Miller), 837
- Body movements, gross, heart rate, and fetal breathing movements, effect of maternal ethanol ingestion on, at 37 to 40 weeks' gestational age (McLeod et al.), 251
- Bone metastases, pain from, as admitting complaint in cervical cancer (Evans, Graham, and Buchsbaum), 765 (Comm. in brief)
- Books received, 118, 387, 651
- Breast stimulation, use of, to ripen cervix in term pregnancies (Elliott and Flaherty), 553
- Breathing movements, fetal, gross body movements, and heart rate, effect of maternal ethanol ingestion on, at 37 to 40 weeks' gestational age (McLeod et al.), 251
- Breech infant, very low-birth weight, effect of delivery method on outcomes in: is improved survival related to cesarean section or other perinatal care maneuvers (Effer et al.), 123

C

- Cadaver transplant patients, renal, effect of pregnancy on graft function and graft survival in (Whetham, Cardella, and Harding), 193

- Caffeine infusion, maternal cardiovascular response to, in pregnant ewe (Conover, Key, and Resnik), 534
- Calcific salpingitis associated with intrauterine pregnancy (Gabriel et al.), 770 (Comm. in brief)
- Calcium-calmodulin system, involvement of: follicle-stimulating hormone-regulated granulosa cell steroidogenesis (Carnegie and Tsang), 223
- metabolism in diabetic mother, fetus, and newborn infant (Cruikshank et al.), 1010
- Calmodulin-calcium system, involvement of: follicle-stimulating hormone-regulated granulosa cell steroidogenesis (Carnegie and Tsang), 223
- Cancer, cervical, pain from bone metastases as admitting complaint in (Evans, Graham, and Buchsbaum), 765 (Comm. in brief)
- endometrial, or osteoporotic hip fractures, physical characteristics and sex hormone levels in patients with (Laufer et al.), 535
- ovarian, poorly differentiated, cisplatin regimens and improved prognosis of patients with (Bruckner et al.), 653
- Capronor (biodegradable contraceptive capsule) containing levonorgestrel, effect of, on gonadotropin, estrogen, and progesterone levels (Ory et al.), 600
- Carbon dioxide laser, treatment of cervical intraepithelial neoplasia with (Popkin), 177
- Carcinoid tumor and pregnancy (Durkin), 757 (Current developments)
- Carcinoma of bladder in pregnancy (Cruikshank and Mc Nellis), 768 (Comm. in brief)
- microinvasive, of cervix (van Nagell et al.), 981
- squamous cell, of uterine cervix, prognostic significance of tumor antigen TA-4 in (Kato et al.), 350
- Stage(s) IB cervical, and pregnancy: report of 49 cases (Nisker and Shubat), 203
- of cervix, ovarian function after radical hysterectomy for (Ellsworth, Allen, and Nisker), 185
- (III and IV), ovarian, improved therapy with cisplatin regimens for patients with, as measured by surgical end-staging (second-look operation) (Cohen et al.), 955
- Cardiovascular effects, maternal and fetal, of nicotine infusion in pregnant sheep (Monheit et al.), 290
- response and complications of glucocorticoid therapy in hypertensive pregnancies (Semchyshyn, Zuspan, and Cordero), 530
- maternal, to caffeine infusion in pregnant ewe (Conover, Key, and Resnik), 534
- Carotid-dural arteriovenous fistula during use of oral contraceptive (Donaldson and Ramsby), 106 (Comm. in brief)
- Catechol-O-methyltransferase activity in human uterine decidua vera tissue, characterization of (Casey and MacDonald), 453
- Cefazolin versus cefoxitin, multicenter comparison of, for prevention of infectious morbidity after nonelective cesarean section (Stiver et al.), 158
- Cefoxitin versus cefazolin, multicenter comparison of, for prevention of infectious morbidity after nonelective cesarean section (Stiver et al.), 158
- piperacillin, comparative study of, in treatment of obstetric and gynecologic infections (Sweet et al.), 342
- Cell(s) carcinoma, squamous, of uterine cervix, prognostic significance of: tumor antigen TA-4 in (Kato et al.), 350
- donor, kinetics of absorption of, in fetal lambs: intrauterine transfusion (Harman et al.), 830
- human placental, in vitro, steroid modulation of pregnenolone to progesterone conversion by (Grimshaw, Mitchell, and Challis), 234
- natural killer, activity of, in normal pregnancy and edema-proteinuria-hypertension gestosis (Toder et al.), 7
- steroidogenesis, follicle-stimulating hormone-regulated granulosa: involvement of calcium-calmodulin system (Carnegie and Tsang), 223
- tumors, granulosa, chemotherapy of (Camlibel and Caputo), 763 (Comm. in brief)
- Central nervous system toxicity related to prolonged metronidazole therapy (Alvarez et al.), 640 (Comm. in brief)
- Centrifugation, high-speed, or micropore filtration, estimation of lamellar body phospholipids in fetal sheep lung fluid after: comparative study (Egberts and Soederhuizen), 889 (Comm. in brief)
- Cervical biopsies and explants, human premalignant and malignant, herpesvirus antigen in (Cabral et al.), 79

Cervical biopsies—Cont'd

- human uterine, enzymatic screening of, in nonpregnant women and pregnant women at parturition (Martin et al.), 44
- cancer, pain from bone metastases as admitting complaint in (Evans, Graham, and Buchsbaum), 765 (Comm. in brief)
- carcinoma, Stage IB, and pregnancy: report of 49 cases (Nisker and Shubat), 203
- intraepithelial neoplasia, laser surgery for: principles and results (Wright, Davies, and Riopelle), 181
- treatment of, with carbon dioxide laser (Popkin), 177
- mucus, chemical alteration of, by electrolytes (Gould and Ansari), 92
- Cervix, microinvasive carcinoma of (van Nagell et al.), 981
- Stage IB carcinoma of, ovarian function after radical hysterectomy for (Ellsworth, Allen, and Nisker), 185
- use of breast stimulation to ripen, in term pregnancies (Elliott and Flaherty), 553
- uterine, squamous cell carcinoma of, prognostic significance of tumor antigen TA-4 in (Kato et al.), 350
- Cesarean section, nonelective, multicenter comparison of cefoxitin versus cefazolin for prevention of infectious morbidity after (Stiver et al.), 158
- or other perinatal care maneuvers, is improved survival related to: effect of delivery method on outcomes in very low-birth weight breech infant (Effer et al.), 123
- previous, placenta increta, and uterine rupture in second-trimester abortion (Berchuck and Sokol), 766 (Comm. in brief)
- short-term antibiotic prophylaxis in high-risk patients following (Hawrylyshyn, Bernstein, and Papsin), 285
- Chemical alteration of cervical mucus by electrolytes (Gould and Ansari), 92
- Chemotherapy of granulosa cell tumors (Camlibel and Caputo), 763 (Comm. in brief)
- of gynecologic malignancies, soft agar colony formation assay for in vitro testing of sensitivity to (Williams et al.), 940
- Children of high-risk population, predictive significance of biologic risk factors for deficits in (Low et al.), 1059
- Chorion-decidua, human, generation of angiotensin I by, in vitro (Craven, Warren, and Symonds), 744
- Chorionic gonadotropin, human, and adrenocorticotrophic hormone, effect of, before and after bilateral oophorectomy in patient with acquired adult-onset adrenal hyperplasia: case report (Raj), 614
- regression of concentrations of beta subunit of, and invasive complications after molar pregnancy, relationship of oral contraceptives and intrauterine contraceptive devices to (Ho Yuen and Burch), 214
- relationship of prolactin and estradiol to, following molar gestation (Ho Yuen), 618
- Chromosomal influence(s), sex, on somatic growth of fetal gonads in vivo, quantitation of (McCoshen), 469
- Chromosome (Y-) length and first-trimester spontaneous abortions, relationship between (Verp et al.), 433
- Circadian patterns and dexamethasone-induced changes in uterine activity in pregnant rhesus monkeys (Ducsay et al.), 389
- rhythm of cortisol in pregnancy, qualitative and quantitative assessment of (Cousins et al.), 411
- Cisplatin regimens and improved prognosis of patients with poorly differentiated ovarian cancer (Bruckner et al.), 653
- therapy with, for patients with ovarian carcinoma (Stages III and IV) as measured by surgical end-staging (second-look operation) (Cohen et al.), 955
- Clinical opinion, 1-6
- Colony formation assay, soft agar, for in vitro testing of sensitivity to chemotherapy of gynecologic malignancies (Williams et al.), 940
- Communications in brief, 105-115, 373-380, 633-643, 762-772, 882-891
- Computer-generated maps, estimates of birth prevalence rates of spina bifida in United States from (Greenberg, James, and Oakley), 570
- Computerized tomography, its diagnosis with, adrenal and sex steroid hormone production by virilizing adrenal adenoma and (Ho Yuen et al.), 164
- Confinement, estimated date of, predicted by crown-rump length and biparietal diameter, comparison of reliability of (Kopta, May, and Crane), 562

- Congenital absence of uterus and vagina, sexual infantilism accompanied by: case report (Check, Weisberg, and Laeger), 633 (Comm. in brief)
- malformation(s), fetal size in early pregnancy and (Pedersen), 641 (Comm. in brief)
- and spontaneous abortions, smoking and occurrence of: multivariate analysis (Hemminki, Mutanen, and Saloniemi), 61
- Conjoined twins, clustering of, in Jerusalem, Israel: epidemiologic survey (Kaplan and Eidelman), 636 (Comm. in brief)
- Conjugates, its, and serum estradiol at delivery and in immediate postpartum period, profile of, in patient with severe polycystic kidney disease: comparison with normal pregnancy (Levitz, Kadner, and Young), 465
- Contraceptive(s) capsule (Capronor), biodegradable, containing levonorgestrel, effect of, on gonadotropin, estrogen, and progesterone levels (Ory et al.), 600
- devices, intrauterine, actinomycosis infection associated with (Keebler, Chatwani, and Schwartz), 596
- factors associated with actinomyces-like organisms on Papanicolaou smear in users of (Petitti, Yamamoto, and Morgenstern), 338
- oral, carotid-dural arteriovenous fistula during use of (Donaldson and Ramsby), 106 (Comm. in brief)
- and intrauterine contraceptive devices, relationship of, to regression of concentrations of beta subunit of human chorionic gonadotropin and invasive complications after molar pregnancy (Ho Yuen and Burch), 214
- thrombotic thrombocytopenic purpura associated with: case report (McShane, Bern, and Schiff), 762 (Comm. in brief)
- two low-dose oral, effects of, on serum lipids and lipoproteins: differential changes in high-density lipoprotein subclasses (Krauss et al.), 446
- Contractility index, uterine: research and diagnostic tool in dysmenorrhea (Schulman, Duvivier, and Blattner), 1049
- Contractions, rat uterine, effect of relaxin and progesterone on (Sarosi et al.), 402
- Corpora lutea, rat, effect of prolactin pretreatment on prostaglandin $F_{2\alpha}$ -associated structural changes in membranes from (Buhr et al.), 263
- Correspondence, 116-117, 381-386, 644-650, 773-775, 892-896
- Cortisol in pregnancy, qualitative and quantitative assessment of circadian rhythm of (Cousins et al.), 411
- Crohn's disease, spontaneous ileovaginal fistula caused by: case report (Geurkink, Rauter, and Bayly), 107 (Comm. in brief)
- Crown-rump length and biparietal diameter, comparison of reliability of estimated date of confinement predicted by (Kopta, May, and Crane), 562
- Current developments, 360-372, 621-632, 757-761, 865-881
- Cushing's disease, exacerbation of, during pregnancy (Liu et al.), 110 (Comm. in brief)
- Cyst, simple, of kidney presenting as adnexal mass in pregnancy (Lenke), 888 (Comm. in brief)
- Cystic mesothelioma, benign, involving female genital tract: report of four cases (Schneider et al.), 355
- Cytomegalovirus, Epstein-Barr virus, herpesvirus, rubella, and *Toxoplasma gondii*, prenatal screening of pregnant women for infections caused by (Hunter et al.), 269
- infection, experimental primary, in pregnancy: timing and fetal outcome (Kumar and Prokay), 56
- Cytoplasmic estrogen receptors in uterus, influence of certain prostaglandin synthetase inhibitors on (Sanfilippo et al.), 100

D

- Danazol, effects of, on plasma lipid and lipoprotein levels in healthy women and in women with endometriosis (Luciano et al.), 422
- Deaths, neonatal, in Alabama, 1970-1980: analysis of birth weight- and race-specific neonatal mortality rates (Goldenberg et al.), 545
- Decelerations, atypical variable, VIII. Intrapartum fetal heart rate monitoring (Krebs, Petres, and Dunn), 297
- Decidua-chorion, human, generation of angiotensin I by, in vitro (Craven, Warren, and Symonds), 744
- response, term, to estradiol and progesterone (Daly, Maslar, and Riddick), 679
- vera, human uterine, characterization of ornithine decarboxylase activity in (Garza et al.), 509

- Decidua vera—Cont'd
tissue, human uterine, characterization of catechol-O-methyltransferase activity in (Casey and MacDonald), 453
- Decidualization, in vitro, of proliferative endometrium, prolactin production during (Daly, Maslar, and Riddick), 672
- Defects, neural tube, clinical approach to use of predictive values in prenatal diagnosis of (Sheffield et al.), 319
- Delivery (deliveries), influence of moon on (Witter), 637 (Comm. in brief)
method, effect of, on outcomes in very low-birth weight breech infant: is improved survival related to cesarean section or other perinatal care maneuvers (Effer et al.), 123
midforceps: critical review (Richardson, Evans, and Cibils), 621 (Current developments)
profile of serum estriol and its conjugates at, and in immediate postpartum period in patient with severe polycystic kidney disease: comparison with normal pregnancy (Levitz, Kadner, and Young), 465
- Densitometry as aid in amniotic fluid gel acetylcholinesterase analysis (Goldfine et al.), 317
- Deoxycorticosterone, deoxycorticosterone sulfate, and progesterone, concentrations of, in maternal venous serum and umbilical arterial and venous sera (Parker et al.), 427
- Devices, intrauterine contraceptive, actinomycosis infection associated with (Keebler, Chatwani, and Schwartz), 596
factors associated with actinomycosis-like organisms on Papanicolaou smear in users of (Fetiti, Yamamoto, and Morgestern), 338
and oral contraceptives, relationship of, to regression of concentrations of beta subunit of human chorionic gonadotropin and invasive complications after molar pregnancy (Ho Yuen and Burch), 214
- Dexamethasone, amniotic fluid phospholipids after maternal administration of (Farrell et al.), 484
and estradiol treatment in pregnant rhesus macaques: effects on gestational length, maternal plasma hormones, and fetal growth (Novy and Walsh), 920
-induced changes and circadian pattern, in uterine activity in pregnant rhesus monkeys (Ducsay et al.), 389
- Diabetic mother, fetus, and newborn infant, calcium metabolism in (Cruikshank et al.), 1010
- Diameter, biparietal, and crown-rump length, comparison of reliability of estimated date of confinement predicted by (Kopta, May, and Crane), 562
- Diet, strongly sodium-restricted, and bed rest, decrease of angiotensin sensitivity after, in pregnancy (Jaspers, de Jong, and Mulder), 792
- Diethylstilbestrol-related vaginal adenocarcinoma, preservation of reproductive potential in (Hudson et al.), 375 (Comm. in brief)
- Disaturated phosphatidylcholine, phosphatidylcholine, and phosphatidylglycerol, rapid and specific enzymatic method for quantification of, in amniotic fluid (Muneshige et al.), 474
- Disease, Crohn's, spontaneous ileovaginal fistula caused by: case report (Geurkink, Rauter, and Bayly), 107 (Comm. in brief)
Cushing's, exacerbation of, during pregnancy (Liu et al.), 110 (Comm. in brief)
gestational trophoblastic, observation of organism found in patients with, and in patients with toxemia of pregnancy (Lueck et al.), 15
hemolytic, of newborn, cause of: anti-D antibodies in D- and D⁺-positive women (White, Stedman, and Frank), 1069
severe polycystic kidney, profile of serum estriol and its conjugates at delivery and in immediate postpartum period in patient with: comparison with normal pregnancy (Levitz, Kadner, and Young), 465
severe Rh—poor outcome is not inevitable (Harman et al.), 823
- Donor cells, kinetics of absorption of, in fetal lambs: intrauterine transfusion (Harman et al.), 830
- Drinking and smoking patterns during pregnancy, comparison of, over six-year interval (Streissguth et al.), 716
- Drugs, phosphodiesterase-inhibiting, in vitro study of: complement to beta-sympathomimetic drug therapy in premature labor (Berg, Andersson, and Ryden), 802
- Dural-carotid arteriovenous fistula during use of oral contraceptive (Donaldson and Ramsby), 106 (Comm. in brief)
- Dysfunctional labor, oxytocin augmentation of. II. Uterine activity data (Seitchik and Castillo), 526
- Dysfunctional labor, oxytocin augmentation of—Cont'd
III. Multiparous patients (Seitchik and Castillo), 777
- Dysmenorrhea, research and diagnostic tool in: uterine contractility index (Schulman, Duviols, and Blattner), 1049
- Dysplasia of lower genital tract in female monkey, *Macaca fascicularis*, crab-eating macaque from Southeast Asia (Hertig et al.), 968
- Dystocia, shoulder, alternate maneuver for management of (Gonik, Stringer, and Held), 882 (Comm. in brief)
- E
Edema-proteinuria-hypertension gestosis, activity of natural killer cells in normal pregnancy and (Toder et al.), 7
Electrocardiogram, abdominal, short-term variability assessment from, during antepartum period (Nageotte et al.), 566
Electrodes, fetal scalp, complications of: case report (Fernandez), 891 (Comm. in brief)
Electrolytes, chemical alteration of cervical mucus by (Gould and Ansari), 92
Electrophoresis, hemoglobin, discrimination between fetal and maternal blood by means of: bloody tap amniocentesis (Richards and Miller), 837
Electroretinogram and visual evoked potential, serial measurements of, in healthy neonatal lamb: maturational sequence of visual system (Woods et al.), 738
End-staging, surgical (second-look operation), improved therapy with cisplatin regimens for patients with ovarian carcinoma (Stages III and IV) as measured by (Cohen et al.), 955
Endocrinologic and ultrasonic measurements, correlation of, in human menopausal gonadotropin therapy (Marrs, Vargyas, and March), 417
Endometrial cancer or osteoporotic hip fractures, physical characteristics and sex hormone levels in patients with (Laufer et al.), 535
Endometriosis, healthy women and women with, effects of danazol on plasma lipid and lipoprotein levels in (Luciano et al.), 422
mild, increased activation of pelvic macrophages in infertile women with (Hahne et al.), 333
Endometrium, proliferative, prolactin production during in vitro decidualization of (Daly, Maslar, and Riddick), 672
Endorphin (β)-like immunoreactivity, plasma, increase in, at parturition in normal women (Pilkington et al.), 111 (Comm. in brief)
Endotoxic shock, assessment of participatory role of prostaglandins and serotonin in pathophysiology of (Makabali, Mandal, and Morris), 439
Enzymatic method, rapid and specific, for quantification of phosphatidylcholine, disaturated phosphatidylcholine, and phosphatidylglycerol in amniotic fluid (Muneshige et al.), 474
screening of human uterine cervical biopsies in nonpregnant women and pregnant women at parturition (Martin et al.), 44
Epidemiologic survey: clustering of conjoined twins in Jerusalem, Israel (Kaplan and Eidelman), 636 (Comm. in brief)
Epstein-Barr virus, herpesvirus, rubella, *Toxoplasma gondii*, and cytomegalovirus, prenatal screening of pregnant women for infections caused by (Hunter et al.), 269
Equation, simple estimated fetal weight, based on real-time ultrasound measurements of fetuses less than thirty-four weeks' gestation (Thurnau et al.), 557
Errata, 775
Esophageal atresia, amniotic fluid acetylcholinesterase as marker in prenatal diagnosis of (Holzgreve, Beller, and Pawlitzki), 641 (Comm. in brief)
Estimated date of confinement predicted by crown-rump length and biparietal diameter, comparison of reliability of (Kopta, May, and Crane), 562
Estradiol and dexamethasone treatment in pregnant rhesus macaques: effects on gestational length, maternal plasma hormones, and fetal growth (Novy and Walsh), 920
and progesterone, term decidua response to (Daly, Maslar, and Riddick), 679
and prolactin, relationship of, to human chorionic gonadotropin following molar gestation (Ho Yuen), 618
unconjugated, and total estriol in plasma, in vivo and in vitro study of mechanism of action of synthetic progestin in lowering, during normal human pregnancy (Bedin et al.), 373 (Comm. in brief)

- Estriol, serum, and its conjugates at delivery and in immediate postpartum period, profile of, in patient with severe polycystic kidney disease: comparison with normal pregnancy (Levitz, Kadner, and Young), 465
- total, and unconjugated estradiol in plasma, in vivo and in vitro study of mechanism of action of synthetic progestin in lowering, during normal human pregnancy (Bedin et al.), 373 (Comm. in brief)
- Estrogen antagonism, effect of, on progesterone production in early pregnancy in baboon (*Papio cynocephalus*) (Castracane, Kuehl, and Goldzieher), 725
- and progesterone, effects of, on thymidine kinase activity in immature rat uterus (Sakamoto et al.), 711
- and gonadotropin levels, effect of biodegradable contraceptive capsule (Capronor) containing levonorgestrel on (Ory et al.), 600
- receptors, cytoplasmic, in uterus, influence of certain prostaglandin synthetase inhibitors on (Sanfilippo et al.), 100
- Ethanol ingestion, maternal, effect of, on fetal breathing movements, gross body movements, and heart rate at 37 to 40 weeks' gestational age (McLeod et al.), 251
- Evacuation, primary, natural history of hydatidiform mole after (Lurain et al.), 591
- Exenteration, pelvic, gastrointestinal complications associated with (Orr et al.), 325
- Exercise program, maternal aerobic, maternal and fetal responses to (Collings, Curet, and Mullin), 702
- Experimental induction of toxemia-like syndrome in pregnant beagle (Aladjem, Lueck, and Brewer), 27
- model of ovarian hyperstimulation syndrome, effect of prolactin in (Leung, Ho Yuen, and Moon), 847
- primary cytomegalovirus infection in pregnancy: timing and fetal outcome (Kumar and Prokay), 56
- Explants, human premalignant and malignant cervical biopsies and, herpesvirus antigen in (Cabral et al.), 79
- F
- Fascia lata myocutaneous flap, tensor, radical vulvectomy with use of (Chafe et al.), 207
- FEMCEPT method of female sterilization, trials with, and experience with radiopaque methylcyanoacrylate (Neuwirth et al.), 948
- Fetal breathing movements, gross body movements, and heart rate, effect of maternal ethanol ingestion on, at 37 to 40 weeks' gestational age (McLeod et al.), 251
- cardiovascular effects, maternal and, of nicotine infusion in pregnant sheep (Monheit et al.), 290
- gonads, quantitation of sex chromosomal influence(s) on somatic growth of, in vivo (McCoshen), 469
- growth, gestational length, and maternal plasma hormones, effects on: dexamethasone and estradiol treatment in pregnant rhesus macaques (Novy and Walsh), 920
- heart, human, in second trimester of gestation: gross morphometric study of normal fetuses (Leslie et al.), 312
- rate monitoring, intrapartum. VIII. Atypical variable decelerations (Krebs, Petre., and Dunn), 297
- hydronephrosis, unilateral: successful in utero surgical management (Vintzileos et al.), 885 (Comm. in brief)
- hypoxia, intrapartum: study of long-term morbidity (Low et al.), 129
- lamb(s), effect of neuromuscular blockade on oxygen consumption and blood gases in (Rurak and Gruber), 258
- kinetics of absorption of donor cells in: intrauterine transfusion (Harman et al.), 830
- and maternal blood, discrimination between, by means of hemoglobin electrophoresis: bloody tap amniocentesis (Richards and Miller), 837
- responses to maternal aerobic exercise program (Collings, Curet, and Mullin), 702
- outcome, timing and: experimental primary cytomegalovirus infection in pregnancy (Kumar and Prokay), 56
- oxygenation, effect of reducing umbilical blood flow on (Itskovitz, LaGamma, and Rudolph), 813
- platelet count, effect of maternal steroid administration on, in immunologic thrombocytopenic purpura (Logaridis et al.), 147
- scalp electrodes, complications of: case report (Fernandez), 891 (Comm. in brief)

- Fetal—Cont'd
- sheep lung fluid, estimation of lamellar body phospholipids in, after high-speed centrifugation or micropore filtration: comparative study (Egberts and Soederhuizen), 889 (Comm. in brief)
- phasic blood flow patterns in superior and inferior venae cavae and umbilical vein of (Reuss, Rudolph, and Dae), 70
- size in early pregnancy and congenital malformation (Pedersen), 641 (Comm. in brief)
- surgery, perspectives on (Elias and Annas), 807
- potential tool for: fetoscope-directed neodymium-YAG laser (DeVore, Dixon, and Hobbins), 379 (Comm. in brief)
- vesicoamniotic shunts, antepartum chronic, for obstructive uropathy: report of two cases (Manning et al.), 819
- weight equation, simple estimated, based on real-time ultrasound measurements of fetuses less than thirty-four weeks' gestation (Thurnau et al.), 557
- ultrasonographic estimation of, in very low-birth weight infant (Key, Dattel, and Resnik), 574
- Fetoscope-directed neodymium-YAG laser: potential tool for fetal surgery (DeVore, Dixon, and Hobbins), 379 (Comm. in brief)
- Fetoscopic visualization in second-trimester pregnancies (Schwartz et al.), 51
- Fetus (fetuses), human, external physical stimulation of, during episodes of low heart rate variation (Visser et al.), 579
- less than thirty-four weeks' gestation, simple estimated fetal weight equation based on real-time ultrasound measurements of (Thurnau et al.), 557
- newborn infant, and diabetic mother, calcium metabolism in (Cruikshank et al.), 1010
- normal, gross morphometric study of: human fetal heart in second trimester of gestation (Leslie et al.), 312
- Fibrillation, atrial, during hexoprenaline therapy for premature labor (Frederiksen, Toig, and Depp), 108 (Comm. in brief)
- Fibrosis, periureteral, evaluation of tendency of Avitene to produce, in dog (Rao et al.), 87
- Filtration, micropore, or high-speed centrifugation, estimation of lamellar body phospholipids in fetal sheep lung fluid after, comparative study (Egberts and Soederhuizen), 889 (Comm. in brief)
- Fistula, carotid-dural arteriovenous, during use of oral contraceptive (Donaldson and Ramsby), 106 (Comm. in brief)
- spontaneous ileovaginal, caused by Crohn's disease: case report (Geurkink, Rauter, and Bayly), 107 (Comm. in brief)
- Fluid, fetal sheep lung, estimation of lamellar body phospholipids in, after high-speed centrifugation or micropore filtration: comparative study (Egberts and Soederhuizen), 889 (Comm. in brief)
- weight uroflowmetry in women (Fantl et al.), 1017
- Foam test, amniotic fluid surfactant, quantified scoring of, and assessment of factors contributing to false negative test results (Whitworth et al.), 752
- Follicle-stimulating hormone-regulated granulosa cell steroidogenesis: involvement of calcium-calmodulin system (Carnegie and Tsang), 223
- Follicular tissue, human, activity of 3β -hydroxysteroid dehydrogenase and Δ^{4-3} isomerase in (Readhead, Lobo, and Kletzky), 491
- Fractures, osteoporotic hip, or endometrial cancer, physical characteristics and sex hormone levels in patients with (Laufer et al.), 535
- Fundal contour of uterine cavity in new syndrome of minor müllerian anomalies and oligomenorrhea (Stampe Sørensen), 659

G

- Gases, blood, and oxygen consumption, effect of neuromuscular blockade on, in fetal lamb (Rurak and Gruber), 258
- Gastrointestinal complications associated with pelvic exenteration (Orr et al.), 325
- Gel acetylcholinesterase analysis, amniotic fluid, densitometry as aid in (Goldfine et al.), 317
- Genital herpes simplex virus infection, characteristics and management of pregnancy in women with (Harger et al.), 784
- mycoplasmas, efficacy of antibiotic therapy in preventing spontaneous pregnancy loss among couples colonized with (Quinn et al.), 239
- tract, female, benign cystic mesothelioma involving: report of four cases (Schneider et al.), 355

Genital tract—Cont'd

- human female, generation of angiotensin I by tissues of (Craven, Warren, and Symonds), 749
- lower, dysplasia of, in female monkey, *Macaca fascicularis*, crab-eating macaque from Southeast Asia (Hertig et al.), 968
- Gestation, human fetal heart in second trimester of: gross morphometric study of normal fetuses (Leslie et al.), 312
- molar, relationship of prolactin and estradiol to human chorionic gonadotropin following (Ho Yuen), 618
- thirty-four weeks', simple estimated fetal weight equation based on real-time ultrasound measurements of fetuses less than (Thurnau et al.), 557
- Gestational age, 37 to 40 weeks', effect of maternal ethanol ingestion on fetal breathing movements, gross body movements, and heart rate at (McLeod et al.), 251
- length, maternal plasma hormones, and fetal growth, effects on: dexamethasone and estradiol treatment in pregnant rhesus macaques (Novy and Walsh), 920
- pseudogestational sac: new ultrasonic criterion for differential diagnosis (Abramovici et al.), 377 (Comm. in brief)
- trophoblastic disease, observation of organ found in patients with, and in patients with toxemia of pregnancy (Lueck et al.), 15
- Gestosis, edema-proteinuria-hypertension, activity of natural killer cells in normal pregnancy and (Toder et al.), 7
- Glucocorticoid receptor in human placenta: studies of concentration and functional differences of preterm and term tissue (Lageson, Spelsberg, and Coulam), 515
- therapy, cardiovascular response and complications of, in hypertensive pregnancies (Semchyshyn, Zuspan, and Cordero), 530
- effect of, on androgen levels in hirsute hyperandrogenic women, and role of androgens in menstrual disorders of nonhirsute and hirsute women (Ho Yuen and Mincey), 152
- Glucose administration, maternal, effect of, on specificity of nonstress test (Richardson et al.), 141
- and potassium concentrations without treatment during ritodrine tocolysis (Young, Toofanian, and Leveno), 105 (Comm. in brief)
- Glycosaminoglycans: their distribution and potential vasoactive action in nonpregnant and pregnant ovine uterus (Greiss and Wagner), 1041
- Gonadotropin, estrogen, and progesterone levels, effect of biodegradable contraceptive capsule (Capronor) containing levonorgestrel on (Ory et al.), 600
- human chorionic, and adrenocorticotrophic hormone, effect of, before and after bilateral oophorectomy in patient with acquired adult-onset adrenal hyperplasia: case report (Raj), 614
- regression of concentrations of beta subunit of, and invasive complications after molar pregnancy, relationship of oral contraceptives and intrauterine contraceptive devices to (Ho Yuen and Burch), 214
- relationship of prolactin and estradiol to, following molar gestation (Ho Yuen), 618
- therapy, human menopausal, correlation of ultrasonic and endocrinologic measurements in (Marrs, Vargyas, and March), 417
- Gonads, fetal, quantitation of sex chromosomal influence(s) on somatic growth of, in vivo (McCoshen), 469
- Grading, real-time ultrasonic placental, correlation of, with amniotic fluid lecithin/sphingomyelin ratio (Tabsh), 504
- sonographic placental, new use for: detection of intrauterine growth retardation (Kazzi et al.), 733
- Graft function and graft survival, effect of pregnancy on, in renal cadaver transplant patients (Whetham, Cardella, and Harding), 193
- Granulosa cell steroidogenesis, follicle-stimulating hormone-regulated: involvement of calcium-calmodulin system (Carnegie and Tsang), 223
- tumors, chemotherapy of (Camlibel and Caputo), 763 (Comm. in brief)
- Growth, fetal, gestational length, and maternal plasma hormones, effects on: dexamethasone and estradiol treatment in pregnant rhesus macaques (Novy and Walsh), 920
- somatic, of fetal gonads in vivo, quantitation of sex chromosomal influence(s) on (McCoshen), 469
- Gynecologic malignancies, soft agar colony formation assay for in vitro testing of sensitivity to chemotherapy of (Williams et al.), 940

Gynecologic—Cont'd

- and obstetric infections, comparative study of piperacillin versus cefoxitin in treatment of (Sweet et al.), 342
 - oncology, venous thromboembolism prophylaxis in: prospective, controlled trial of low-dose heparin (Clarke-Pearson et al.), 606
 - Gynecology and obstetrics, cause of severe operative hemorrhage in: Passovoy defect (Marmion), 634 (Comm. in brief)
 - metronidazole use in: review (Robbie and Sweet), 865 (Current developments)
 - service, typhoid fever on (Duff and Engelsjerd), 113 (Comm. in brief)
- H
- Headaches and hyperprolactinemia (Kemmann and Jones), 668
 - Heart, human fetal, in second trimester of gestation: gross morphometric study of normal fetuses (Leslie et al.), 312
 - rate, fetal breathing movements, and gross body movements, effect of maternal ethanol ingestion on, at 37 to 40 weeks' gestational age (McLeod et al.), 251
 - monitoring, intrapartum fetal. VIII. Atypical variable decelerations (Krebs, Petres, and Dunn), 297
 - variation, low, external physical stimulation of human fetus during episodes of (Visser et al.), 579
 - Hemoglobin electrophoresis, discrimination between fetal and maternal blood by means of: bloody tap amniocentesis (Richards and Miller), 837
 - Hemolytic disease of newborn, cause of: anti-D antibodies in D- and D⁺-positive women (White, Stedman, and Frank), 1069
 - Hemorrhage, severe operative, cause of, in obstetrics and gynecology: Passovoy defect (Marmion), 634 (Comm. in brief)
 - Heparin, low-dose, prospective, controlled trial of: venous thromboembolism prophylaxis in gynecologic oncology (Clarke-Pearson et al.), 606
 - Herpes simplex virus infection, genital, characteristics and management of pregnancy in women with (Harger et al.), 784
 - Herpesvirus antigen in human premalignant and malignant cervical biopsies and explants (Cabral et al.), 79
 - rubella, *Toxoplasma gondii*, cytomegalovirus, and Epstein-Barr virus, prenatal screening of pregnant women for infections caused by (Hunter et al.), 269
 - Hexoprenaline therapy for premature labor, atrial fibrillation during (Frederiksen, Toig, and Depp), 108 (Comm. in brief)
 - High-density lipoprotein subclasses, differential changes in: effects of two low-dose oral contraceptives on serum lipids and lipoproteins (Krauss et al.), 446
 - Hip fractures, osteoporotic, or endometrial cancer, physical characteristics and sex hormone levels in patients with (Laufer et al.), 585
 - Hirsute and nonhirsute women, role of androgens in menstrual disorders of, and effect of glucocorticoid therapy on androgen levels in hirsute hyperandrogenic women (Ho Yuen and Mincey), 152
 - Hormone(s), adrenocorticotrophic, and human chorionic gonadotropin, effect of, before and after bilateral oophorectomy in patient with acquired adult-onset adrenal hyperplasia: case report (Raj), 614
 - follicle-stimulating, -regulated granulosa cell steroidogenesis: involvement of calcium-calmodulin system (Carnegie and Tsang), 223
 - levels, sex, and physical characteristics in patients with osteoporotic hip fractures or endometrial cancer (Laufer et al.), 585
 - maternal plasma, fetal growth, and gestational length, effects on: dexamethasone and estradiol treatment in pregnant rhesus macaques (Novy and Walsh), 920
 - production, adrenal and sex steroid, by virilizing adrenal adenoma and its diagnosis with computerized tomography (Ho Yuen et al.), 164
 - Hospitalized primigravid women with pregnancy-induced hypertension, pressor responsiveness to angiotensin II in (Whalley et al.), 481
 - Human chorionic gonadotropin and adrenocorticotrophic hormone, effect of, before and after bilateral oophorectomy in patient with acquired adult-onset adrenal hyperplasia: case report (Raj), 614
 - regression of concentrations of beta subunit of, and invasive complications after molar pregnancy, relationship of oral contraceptives and intrauterine contraceptive devices to (Ho Yuen and Burch), 214

- Human chorionic gonadotropin—Cont'd
relationship of prolactin and estradiol to, following molar gestation (Ho Yuen), 618
menopausal gonadotropin therapy, correlation of ultrasonic and endocrinologic measurements in (Marrs, Vargyas, and March), 417
- Hydatidiform mole, natural history of, after primary evacuation (Lurain et al.), 591
primary ovarian: review of literature and report of case (Stanhope, Stuart, and Curtis), 886 (Comm. in brief)
- Hydramnios: ultrasound diagnosis and its impact on perinatal management and pregnancy outcome (Quinlan, Cruz, and Martin), 306
- Hydronephrosis, unilateral fetal: successful in utero surgical management (Vintzileos et al.), 885 (Comm. in brief)
- Hydroxysteroid (3β -) dehydrogenase and Δ^{4-5} isomerase, activity of, in human follicular tissue (Readhead, Lobo, and Kletzky), 491
- Hyperandrogenic women, hirsute, effect of glucocorticoid therapy on androgen levels in, and role of androgens in menstrual disorders of nonhirsute and hirsute women (Ho Yuen and Mincey), 152
- Hypergonadotropic hypogonadism (Friedman, Barrows, and Kim), 360 (Current developments)
- Hyperplasia, acquired adult-onset adrenal, effect of adrenocorticotrophic hormone and human chorionic gonadotropin before and after bilateral oophorectomy in patient with: case report (Raj), 614
- Hyperprolactinemia and headaches (Kemmann and Jones), 668
- Hyperstimulation syndrome, ovarian, effect of prolactin in experimental model of (Leung, Ho Yuen, and Moon), 847
- Hypertension-edema-proteinuria gestosis, activity of natural killer cells in normal pregnancy and (Toder et al.), 7
mild, plasma volume findings in pregnant women with: therapeutic considerations (Sibai et al.), 539
pregnancy-induced, pressor responsiveness to angiotensin II in hospitalized primigravid women with (Whalley et al.), 481
uterine venous, peripheral venous, and radial arterial levels of prostaglandins E and F in women with (Valenzuela, Harper, and Hay-shi), 11
- Hypertensive pregnancies, cardiovascular response and complications of glucocorticoid therapy in (Semchysyn, Zuspan, and Cordero), 530
- Hypogonadism, hypergonadotropic (Friedman, Barrows, and Kim), 360 (Current developments)
- Hypoxia, intrapartum fetal: study of long-term morbidity (Low et al.), 129
- Hysterectomy, radical, for Stage IB carcinoma of cervix, ovarian function after (Ellsworth, Allen, and Nisker), 185
- I
- Ileovaginal fistula, spontaneous, caused by Crohn's disease: case report (Geurkink, Rauter, and Bayly), 107 (Comm. in brief)
- Immunologic thrombocytopenic purpura, effect of maternal steroid administration on fetal platelet count in (Logaridis et al.), 147
- Immunoreactivity, plasma β -endorphin-like, increase in, at parturition in normal women (Pilkington et al.), 111 (Comm. in brief)
- Index, uterine contractility: research and diagnostic tool in dysmenorrhea (Schulman, Duvivier, and Blattner), 1049
- Infant(s), newborn, fetus, and diabetic mother, calcium metabolism in (Cruikshank et al.), 1010
very low-birth weight, born at perinatal center, outcome of (Hoskins et al.), 135
breech, effect of delivery method on outcomes in: is improved survival related to cesarean section or other perinatal care maneuvers (Effer et al.), 123
ultrasonographic estimation of fetal weight in (Key, Dattel, and Resnik), 574
- Infantilism, sexual, accompanied by congenital absence of uterus and vagina: case report (Check, Weisberg, and Laeger), 633 (Comm. in brief)
- Infection(s), actinomycosis, associated with intrauterine contraceptive devices (Keebler, Chatwani, and Schwartz), 596
caused by cytomegalovirus, Epstein-Barr virus, herpesvirus, rubella, and *Toxoplasma gondii*, prenatal screening of pregnant women for (Hunter et al.), 269
experimental primary cytomegalovirus, in pregnancy: timing and fetal outcome (Kumar and Prokay), 56

- Infection(s)—Cont'd
genital herpes simplex virus, characteristics and management of pregnancy in women with (Harger et al.), 784
intra-amniotic, at term, prospective controlled study of maternal and perinatal outcome after (Yoder et al.), 695
obstetric and gynecologic, comparative study of piperacillin versus cefoxitin in treatment of (Sweet et al.), 342
Ureaplasma urealyticum, serologic evidence of, in women with spontaneous pregnancy loss (Quinn et al.), 245
- Infectious morbidity after nonelective cesarean section, multicenter comparison of cefoxitin versus cefazolin for prevention of (Stiver et al.), 158
- Infertile women with mild endometriosis, increased activation of pelvic macrophages in (Halme et al.), 333
- Infusion, caffeine, maternal cardiovascular response to, in pregnant ewe (Conover, Key, and Resnik), 534
nicotine, maternal and fetal cardiovascular effects of, in pregnant sheep (Monheit et al.), 290
- Intra-amniotic infection at term, prospective controlled study of maternal and perinatal outcome after (Yoder et al.), 695
- Intraepithelial neoplasia, cervical, laser surgery for: principles and results (Wright, Davies, and Riopelle), 181
treatment of, with carbon dioxide laser (Popkin), 177
- Intrapartum fetal heart rate monitoring, VIII. Atypical variable decelerations (Krebs, Petres, and Dunn), 297
hypoxia: study of long-term morbidity (Low et al.), 129
- Intrauterine contraceptive devices, actinomycosis infection associated with (Keebler, Chatwani, and Schwartz), 596
factors associated with actinomycosis-like organisms on Papanicolaou smear in users of (Petitti, Yamamoto, and Morgestern), 338
and oral contraceptives, relationship of, to regression of concentrations of beta subunit of human chorionic gonadotropin and invasive complications after molar pregnancy (Ho Yuen and Burch), 214
growth retardation, detection of: new use for sonographic placental grading (Kazzi et al.), 733
pregnancy, calcific salpingitis associated with (Gabriel et al.), 770 (Comm. in brief)
transfusion: kinetics of absorption of donor cells in fetal lambs (Harman et al.), 830
- Isomerase (Δ^{4-5}) and 3β -hydroxysteroid dehydrogenase, activity of, in human follicular tissue (Readhead, Lobo, and Kletzky), 491
- Items, 122, 388, 524, 652, 776, 897-914, 1076

J

- Jerusalem, Israel, clustering of conjoined twins in: epidemiologic survey (Kaplan and Eidelman), 636 (Comm. in brief)

K

- Kidney disease, severe polycystic, profile of serum estriol and its conjugates at delivery and in immediate postpartum period in patient with: comparison with normal pregnancy (Levitz, Kadner, and Young), 465
simple cyst of, presenting as adnexal mass in pregnancy (Lenke), 888 (Comm. in brief)
- Killer cells, natural, activity of, in normal pregnancy and edema-proteinuria-hypertension gestosis (Toder et al.), 7

L

- Labor, dysfunctional, oxytocin augmentation of. II. Uterine activity data (Seitchik and Castillo), 526
III. Multiparous patients (Seitchik and Castillo), 777
premature, atrial fibrillation during hexoprenaline therapy for (Frederiksen, Toig, and Depp), 108 (Comm. in brief)
complement to beta-sympathomimetic drug therapy in: in vitro study of (Berg, Andersson, and Rydén), 802
maternal complications of parenteral β -sympathomimetic therapy for (Benedetti), 1 (Clinical opinion)
prolonged, outcome of, as defined by partography and use of oxytocin: descriptive study (Hunter et al.), 189
spontaneous preterm, improvement in perinatal mortality rate attributed to, without use of tocolytic agents (Boylan and O'Driscoll), 781
- Lamellar body phospholipids, estimation of, in fetal sheep lung fluid after high-speed centrifugation or micropore filtration: comparative study (Egberts and Soederhuizen), 889 (Comm. in brief)

- Laparoscopic sterilization with different occlusion techniques, menstrual pattern changes following: review of 10,004 cases (Bhiwandiwalla, Mumford, and Feldblum), 684
- interval, previous abdominal surgery as risk factor in (Chi, Feldblum, and Balogh), 841
- Laser, carbon dioxide, treatment of cervical intraepithelial neoplasia with (Popkin), 177
- fetoscope-directed neodymium-YAG: potential tool for fetal surgery (DeVore, Dixon, and Hobbins), 379 (Comm. in brief)
- surgery for cervical intraepithelial neoplasia: principles and results (Wright, Davies, and Riopelle), 181
- Lecithin/sphingomyelin ratio, amniotic fluid, correlation of real-time ultrasonic grading with (Tabsh), 504
- Length, crown-rump, and biparietal diameter, comparison of reliability of estimated date of confinement predicted by (Kopta, May, and Crane), 562
- Levonorgestrel, biodegradable contraceptive capsule (Capronor) containing, effect of, on gonadotropin, estrogen, and progesterone levels (Ory et al.), 600
- Lipid(s) and lipoprotein(s) levels, plasma, effects of danazol on, in healthy women and in women with endometriosis (Luciano et al.), 422
- serum, effects of two low-dose oral contraceptives on: differential changes in high-density lipoprotein subclasses (Krauss et al.), 446
- Lipoprotein(s) and lipid(s) levels, plasma, effects of danazol on, in healthy women and in women with endometriosis (Luciano et al.), 422
- serum, effects of two low-dose oral contraceptives on: differential changes in high-density lipoprotein subclasses (Krauss et al.), 446
- Low-dose heparin, prospective, controlled trial of: venous thromboembolism prophylaxis in gynecologic oncology (Clarke-Pearson et al.), 606
- oral contraceptives, two, effects of, on serum lipids and lipoproteins: differential changes in high-density lipoprotein subclasses (Krauss et al.), 446
- Lung fluid, fetal sheep, estimation of lamellar body phospholipids in, after high-speed centrifugation or micropore filtration: comparative study (Egberts and Soederhuizen), 889 (Comm. in brief)
- Lupus erythematosus, systemic, pregnancy in patients with (Varner et al.), 1025
- M
- Macrophages, pelvic, increased activation of, in infertile women with mild endometriosis (Halme et al.), 333
- Malformation(s), congenital, fetal size in early pregnancy and (Pedersen), 641 (Comm. in brief)
- and spontaneous abortions, smoking and occurrence of: multivariate analysis (Hemminki, Mutanen, and Saloniemi), 61
- Malignancies, gynecologic, soft agar colony formation assay for in vitro testing of sensitivity to chemotherapy of (Williams et al.), 940
- Malignant and premalignant cervical biopsies and explants, human, herpesvirus antigen in (Cabral et al.), 79
- Maternal administration of dexamethasone, amniotic fluid phospholipids after (Farrell et al.), 484
- blood, fetal and, discrimination between, by means of hemoglobin electrophoresis: bloody tap amniocentesis (Richards and Miller), 837
- cardiovascular response to caffeine infusion in pregnant ewe (Conover, Key, and Resnik), 534
- complications of parenteral β -sympathomimetic therapy for premature labor (Benedetti), 1 (Clinical opinion)
- ethanol ingestion, effect of, on fetal breathing movements, gross body movements, and heart rate at 37 to 40 weeks' gestational age (McLeod et al.), 251
- and fetal cardiovascular effects of nicotine infusion in pregnant sheep (Monheit et al.), 290
- responses to maternal aerobic exercise program (Collings, Curet, and Mullin), 702
- glucose administration, effect of, on specificity of nonstress test (Richardson et al.), 141
- and perinatal outcome after intra-amniotic infection at term, prospective controlled study of (Yoder et al.), 695
- plasma hormones, fetal growth, and gestational length, effects on: dexamethasone and estradiol treatment in pregnant rhesus macaques (Novy and Walsh), 920
- Maternal—Cont'd
- prostacyclin, thromboxane, and placental blood flow (Ylikorkala et al.), 730
- steroid administration, effect of, on fetal platelet count in immunologic thrombocytopenic purpura (Logaridis et al.), 147
- venous serum and umbilical arterial and venous sera, concentrations of deoxycorticosterone, deoxycorticosterone sulfate, and progesterone in (Parker et al.), 427
- Maturation sequence of visual system: serial measurements of visual evoked potential and electroretinogram in healthy neonatal lamb (Woods et al.), 738
- Membranes, premature rupture of, vaginal pool phospholipids in management of (Brame and MacKenna), 992
- from rat corpora lutea, effect of prolactin pretreatment on prostaglandin $F_{2\alpha}$ -associated structural changes in (Buhr et al.), 263
- Menopausal gonadotropin therapy, human, correlation of ultrasonic and endocrinologic measurements in (Marrs, Vargyas, and March), 417
- Menstrual disorders of nonhirsute and hirsute women, role of androgens in, and effect of glucocorticoid therapy on androgen levels in hirsute hyperandrogenic women (Ho Yuen and Mincey), 152
- pattern changes following laparoscopic sterilization with different occlusion techniques: review of 10,004 cases (Bhiwandiwalla, Mumford, and Feldblum), 684
- Mesothelioma, benign cystic, involving female genital tract: report of four cases (Schneider et al.), 355
- Metabolism, calcium, in diabetic mother, fetus, and newborn infant (Cruikshank et al.), 1010
- Metabolites, urinary norepinephrine, platelet serotonin, and adrenal androgens, psychological stress and increases in, in women with polycystic ovary syndrome (Lobo et al.), 496
- Metastases, bone, pain from, as admitting complaint in cervical cancer (Evans, Graham, and Buchsbaum), 765 (Comm. in brief)
- Methylcyanoacrylate, radiopaque, experience with, and trials with FEMCEPT method of female sterilization (Neuwirth et al.), 948
- Metronidazole therapy, prolonged, central nervous system toxicity related to (Alvarez et al.), 640 (Comm. in brief)
- use in obstetrics and gynecology: review (Robbie and Sweet), 865 (Current developments)
- Microinvasive carcinoma of cervix (van Nagell et al.), 981
- Micropore filtration or high-speed centrifugation, estimation of lamellar body phospholipids in fetal sheep lung fluid after: comparative study (Egberts and Soederhuizen), 889 (Comm. in brief)
- Midforceps delivery: critical review (Richardson, Evans, and Cibils), 621 (Current developments)
- Mitral valvotomy in pregnancy (El-Maraghy et al.), 708
- Molar gestation, relationship of prolactin and estradiol to human chorionic gonadotropin following (Ho Yuen), 618
- pregnancy, invasive complications after, and regression of concentrations of beta subunit of human chorionic gonadotropin, relationship of oral contraceptives and intrauterine contraceptive devices to (Ho Yuen and Burch), 214
- Mole, hydatidiform, natural history of, after primary evacuation (Lurain et al.), 591
- primary ovarian hydatidiform: review of literature and report of case (Stanhope, Stuart, and Curtis), 886 (Comm. in brief)
- Monitor patient care, system to, in perinatal region (Winegar et al.), 39
- Monitoring, intrapartum fetal heart rate. VIII. Atypical variable decelerations (Krebs, Petres, and Dunn), 297
- Moon, influence of, on deliveries (Witter), 637 (Comm. in brief)
- Morbidity, infectious, after non elective cesarean section, multicenter comparison of cefoxitin versus cefazolin for prevention of (Stiver et al.), 158
- long-term, study of: intrapartum fetal hypoxia (Low et al.), 129
- Morphometric study, gross, of normal fetuses: human fetal heart in second trimester of gestation (Leslie et al.), 312
- Mortality rate(s), birth weight— and race-specific neonatal, analysis of: neonatal deaths in Alabama, 1970-1980 (Goldenberg et al.), 545
- perinatal, improvement in, attributed to spontaneous preterm labor without use of tocolytic agents (Boylan and O'Driscoll), 781
- Mother, diabetic, fetus, and newborn infant, calcium metabolism in (Cruikshank et al.), 1010

- Motility, spermatozoa, tricolor photography for assessment of (Lyskiewicz and Enhorn), 229
- Movements, fetal breathing, gross body movements, and heart rate, effect of maternal ethanol ingestion on, at 37 to 40 weeks' gestational age (McLeod et al.), 251
- Mucus, cervical, chemical alteration of, by electrolytes (Gould and Ansari), 92
- Müllerian anomalies, minor, and oligomenorrhea, fundal contour of uterine cavity in new syndrome of (Stampe Sørensen), 658
- Multiparous patients, III. Oxytocin augmentation of dysfunctional labor (Seitchik and Castillo), 777
- Mycoplasmas, genital, efficacy of antibiotic therapy in preventing spontaneous pregnancy loss among couples colonized with (Quinn et al.), 239
- Myocutaneous flap, tensor fascia lata, radical vulvectomy with use of (Chafe et al.), 207

N

- Neodymium-YAG laser, fetoscope-directed: potential tool for fetal surgery (DeVore, Dixon, and Hobbins), 379 (Comm. in brief)
- Neonatal deaths in Alabama, 1970-1980: analysis of birth weight- and race-specific neonatal mortality rates (Goldenberg et al.), 545
- lamb, healthy, serial measurements of visual evoked potential and electroretinogram in: maturational sequence of visual system (Woods et al.), 738
- Neoplasia, cervical intraepithelial, laser surgery for: principles and results (Wright, Davies, and Riopelle), 181
- treatment of, with carbon dioxide laser (Popkin), 177
- Nervous system function, autonomic, in pregnancy, test of: Valsalva maneuver (Souma and Cabaniss), 274
- toxicity, central, related to prolonged metronidazole therapy (Alvarez et al.), 640 (Comm. in brief)
- Neural tube defects, clinical approach to use of predictive values in prenatal diagnosis of (Sheffield et al.), 319
- Neuromuscular blockade, effect of, on oxygen consumption and blood gases in fetal lamb (Rurak and Gruber), 258
- Newborn, hemolytic disease of, cause of: anti-D antibodies in D- and D⁺-positive women (White, Stedman, and Frank), 1069
- infant, fetus, and diabetic mother, calcium metabolism in (Cruikshank et al.), 1010
- Nicotine infusion, maternal and fetal cardiovascular effects of, in pregnant sheep (Monheit et al.), 290
- Nodules, subperitoneal, produced by sex steroids, adenomatoid tumor-like structures in (Fuji et al.), 850
- Nonstress test, effect of maternal glucose administration on specificity of (Richardson et al.), 141
- Norepinephrine metabolites, urinary, platelet serotonin, and adrenal androgens, psychological stress and increases in, in women with polycystic ovary syndrome (Lobo et al.), 496
- Nova Scotia Reproductive Care Program: voluntary regionalization and associated trends in perinatal care (Peddle et al.), 170

O

- Obstetric(s) and gynecologic infections, comparative study of piperacillin versus cefoxitin in treatment of (Sweet et al.), 342
- and gynecology, cause of severe operative hemorrhage in: Passovoy defect (Marmion), 634 (Comm. in brief)
- metronidazole use in: review (Robbie and Sweet), 865 (Current developments)
- service, typhoid fever on (Duff and Engelsjerd), 113 (Comm. in brief)
- Occlusion techniques, different, menstrual pattern changes following laparoscopic sterilization with: review of 10,004 cases (Bhiwandwala, Mumford, and Feldblum), 684
- Oligomenorrhea and minor müllerian anomalies, fundal contour of uterine cavity in new syndrome of (Stampe Sørensen), 659
- Oncology, gynecologic, venous thromboembolism prophylaxis in: prospective, controlled trial of low-dose heparin (Clarke-Pearson et al.), 606
- Oophorectomy, bilateral, effect of adrenocorticotrophic hormone and human chorionic gonadotropin before and after, in patient with acquired adult-onset adrenal hyperplasia: case report (Raj), 614
- Operation, second-look (surgical end-staging), improved therapy with cisplatin regimens for patients with ovarian carcinoma (Stages III and IV) as measured by (Cohen et al.), 955

- Operative hemorrhage, severe, cause of, in obstetrics and gynecology: Passovoy defect (Marmion), 634 (Comm. in brief)
- Oral contraceptive(s), carotid-dural arteriovenous fistula during use of (Donaldson and Ramsby), 106 (Comm. in brief)
- and intrauterine contraceptive devices, relationship of, to regression of concentrations of beta subunit of human chorionic gonadotropin and invasive complications after molar pregnancy (Ho Yuen and Burch), 214
- thrombotic thrombocytopenic purpura associated with: case report (McShane, Bern, and Schiff), 762 (Comm. in brief)
- two low-dose, effects of, on serum lipids and lipoproteins: differential changes in high-density lipoprotein subclasses (Krauss et al.), 446
- Organism(s), actinomyces-like, on Papanicolaou smear in users of intrauterine contraceptive devices, factors associated with (Petitti, Yamamoto, and Morgenstern), 338
- found in patients with gestational trophoblastic disease and in patients with toxemia of pregnancy, observation of (Lueck et al.), 15
- Ornithine decarboxylase activity in human uterine decidua vera, characterization of (Garza et al.), 509
- Osteoporotic hip fractures or endometrial cancer, physical characteristics and sex hormone levels in patients with (Laufer et al.), 585
- Ova, zona-free hamster, factors affecting human sperm penetration of (Berger et al.), 397
- Ovarian cancer, poorly differentiated, cisplatin regimens and improved prognosis of patients with (Bruckner et al.), 653
- carcinoma (Stages III and IV), improved therapy with cisplatin regimens for patients with, as measured by surgical end-staging (second-look operation) (Cohen et al.), 955
- function after radical hysterectomy for Stage IB carcinoma of cervix (Ellsworth, Allen, and Nisker), 185
- hydatidiform mole, primary: review of literature and report of case (Stanhope, Stuart, and Curtis), 886 (Comm. in brief)
- hyperstimulation syndrome, effect of prolactin in experimental model of (Leung, Ho Yuen, and Moon), 847
- Ovary syndrome, polycystic, psychological stress and increases in urinary norepinephrine metabolites, platelet serotonin, and adrenal androgens in women with (Lobo et al.), 496
- in vitro perfused rabbit, effect of adrenergic agents on ovulatory process in (Kobayashi et al.), 857
- Ovulatory process, effect of adrenergic agents on, in vitro perfused rabbit ovary (Kobayashi et al.), 857
- Oxygen consumption and blood gases, effect of neuromuscular blockade on, in fetal lamb (Rurak and Gruber), 258
- Oxygenation, fetal, effect of reducing umbilical blood flow on (Itskovitz, LaGamma, and Rudolph), 813
- Oxytocin augmentation of dysfunctional labor. II. Uterine activity data (Seitchik and Castillo), 526
- III. Multiparous patients (Seitchik and Castillo), 777
- use of, and partography, outcome of prolonged labor as defined by: descriptive study (Hunter et al.), 189

P

- Pain from bone metastases as admitting complaint in cervical cancer (Evans, Graham, and Buchsbaum), 765 (Comm. in brief)
- Papanicolaou smear, factors associated with actinomyces-like organisms on, in users of intrauterine contraceptive devices (Petitti, Yamamoto, and Morgenstern), 338
- Papers of Society for Gynecologic Investigation, 389-523
- Partography and use of oxytocin, outcome of prolonged labor as defined by: descriptive study (Hunter et al.), 189
- Parturition, increase in plasma β -endorphin-like immunoreactivity at, in normal women (Pilkington et al.), 111 (Comm. in brief)
- pregnant women at, and nonpregnant women, enzymatic screening of human uterine cervical biopsies in (Martin et al.), 44
- Passovoy defect: cause of severe operative hemorrhage in obstetrics and gynecology (Marmion), 634 (Comm. in brief)
- Pelvic exenteration, gastrointestinal complications associated with (Orr et al.), 325
- macrophages, increased activation of, in infertile women with mild endometriosis (Halme et al.), 333
- Perfused rabbit ovary, in vitro, effect of adrenergic agents on ovulatory process in (Kobayashi et al.), 857
- Perinatal care maneuvers, other, or cesarean section, is improved survival related to: effect of delivery method on outcomes in very low-birth weight breech infant (Effer et al.), 123

Perinatal care—Cont'd

- voluntary regionalization and associated trends in: Nova Scotia Reproductive Care Program (Peddle et al.), 170
- center, outcome of very low-birth weight infants born at (Hoskins et al.), 135
- management and pregnancy outcome, ultrasound diagnosis and its impact on: hydramnios (Quinlan, Cruz, and Martin), 306
- and maternal outcome after intra-amniotic infection at term, prospective controlled study of (Yoder et al.), 695
- mortality rate, improvement in, attributed to spontaneous preterm labor without use of tocolytic agents (Boylan and O'Driscoll), 781
- region, system to monitor patient care in (Winegar et al.), 39
- Peripheral venous, uterine venous, and radial arterial levels of prostaglandins E and F in women with pregnancy-induced hypertension (Valenzuela, Harper, and Hayashi), 11
- Periureteral fibrosis, evaluation of tendency of Avitene to produce, in dog (Rao et al.), 87
- Phosphatidylcholine, disaturated phosphatidylcholine, and phosphatidylglycerol, rapid and specific enzymatic method for quantification of, in amniotic fluid (Muneshige et al.), 474
- Phosphatidylglycerol, phosphatidylcholine, and disaturated phosphatidylcholine, rapid and specific enzymatic method for quantification of, in amniotic fluid (Muneshige et al.), 474
- Phosphodiesterase-inhibiting drugs, in vitro study of: complement to beta-sympathomimetic drug therapy in premature labor (Berg, Andersson, and Rydén), 802
- Phospholipids, amniotic fluid, after maternal administration of dexamethasone (Farrell et al.), 484
- lamellar body, estimation of, in fetal sheep lung fluid after high-speed centrifugation or micropore filtration: comparative study (Egberts and Soederhuizen), 889 (Comm. in brief)
- vaginal pool, in management of premature rupture of membranes (Brame and MacKenna), 992
- Photography, tricolor, for assessment of spermatozoa motility (Lyskiewicz and Enhorn), 229
- Physical characteristics and sex hormone levels in patients with osteoporotic hip fractures or endometrial cancer (Laufer et al.), 585
- stimulation, external, of human fetus during episodes of low heart rate variation (Visser et al.), 579
- Piperacillin versus cefoxitin, comparative study of, in treatment of obstetric and gynecologic infections (Sweet et al.), 342
- Placenta, human, glucocorticoid receptor in: studies of concentration and functional differences of preterm and term tissue (Lageson, Spelsberg, and Coulam), 515
- increta, uterine rupture, and previous cesarean section in second-trimester abortion (Berchuck and Sokol), 766 (Comm. in brief)
- Placental blood flow, maternal prostacyclin, and thromboxane (Ylikorkala et al.), 730
- cells, human, in vitro, steroid modulation of pregnenolone to progesterone conversion by (Grimshaw, Mitchell, and Challis), 234
- grading, real-time ultrasonic, correlation of, with: amniotic fluid lecithin/sphingomyelin ratio (Tabsh), 504
- sonographic, new use for: detection of intrauterine growth retardation (Kazzi et al.), 733
- vascular responses to 6-keto-prostaglandin E₁ in near-term sheep (Schwartz et al.), 406
- Plasma β -endorphin-like immunoreactivity, increase in, at parturition in normal women (Pilkington et al.), 111 (Comm. in brief)
- hormones, maternal, fetal growth, and gestational length, effects on: dexamethasone and estradiol treatment in pregnant rhesus macaques (Novy and Walsh), 920
- lipid and lipoprotein levels, effects of danazol on, in healthy women and in women with endometriosis (Luciano et al.), 422
- protein A, pregnancy-associated, in prediction of early pregnancy failure (Westergaard et al.), 67
- in vivo and in vitro study of mechanism of action of synthetic progestin in lowering unconjugated estradiol and total estriol in, during normal human pregnancy (Bedin et al.), 373 (Comm. in brief)
- volume expansion, normal, clinical signs of, during pregnancy (Goodlin et al.), 1001
- findings in pregnant women with mild hypertension: therapeutic considerations (Sibai et al.), 539
- Platelet count(s) and antiplatelet antibodies in pregnancies complicated by autoimmune thrombocytopenic purpura (Scott, Rote, and Cruikshank), 932
- fetal, effect of maternal steroid administration on, in immunologic thrombocytopenic purpura (Logaridis et al.), 147
- serotonin, adrenal androgens, and urinary norepinephrine metabolites, psychological stress and increases in, in women with polycystic ovary syndrome (Lobo et al.), 496
- Plexiform or sex cord tumors resembling tumors of uterus (Caglar et al.), 639 (Comm. in brief)
- Polycystic kidney disease, severe, profile of serum estriol and its conjugates at delivery and in immediate postpartum period in patient with: comparison with normal pregnancy (Levitz, Kadner, and Young), 465
- ovary syndrome, psychological stress and increases in urinary norepinephrine metabolites, platelet serotonin, and adrenal androgens in women with (Lobo et al.), 496
- Postmenopausal patients, diagnosis of lower urinary tract disorders in (Bent, Richardson, and Ostergard), 218
- Postpartum period, immediate, profile of serum estriol and its conjugates at delivery and in, in patient with severe polycystic kidney disease: comparison with normal pregnancy (Levitz, Kadner, and Young), 465
- Potassium and glucose concentrations without treatment during ritodrine tocolysis (Young, Toofanian, and Leveno), 105 (Comm. in brief)
- Pregnancy (pregnancies)-associated plasma protein A in prediction of early pregnancy failure (Westergaard et al.), 67
- and carcinoid tumor (Durkin), 757 (Current developments)
- carcinoma of bladder in (Cruikshank and Mc Nellis), 768 (Comm. in brief)
- characteristics and management of, in women with genital herpes simplex virus infection (Harger et al.), 784
- clinical signs of normal plasma volume expansion during (Goodlin et al.), 1001
- comparison of drinking and smoking patterns during, over six-year interval (Streissguth et al.), 716
- complicated by autoimmune thrombocytopenic purpura, antiplatelet antibodies and platelet counts in (Scott, Rote, and Cruikshank), 932
- decrease of angiotensin sensitivity after bed rest and strongly sodium-restricted diet in (Jaspers, de Jong, and Mulder), 792
- early, fetal size in, and congenital malformation (Pedersen), 641 (Comm. in brief)
- effect of estrogen antagonism on progesterone production in, in baboon (*Papio cynocephalus*) (Castracane, Kuehl, and Goldzieher), 725
- of, on graft function and graft survival in renal cadaver transplant patients (Whetham, Cardella, and Harding), 193
- exacerbation of Cushing's disease during (Liu et al.), 110 (Comm. in brief)
- experimental primary cytomegalovirus infection in: timing and fetal outcome (Kumar and Prokay), 56
- hypertensive, cardiovascular response and complications of glucocorticoid therapy in (Semchyshyn, Zuspan, and Cordero), 530
- induced hypertension, pressor responsiveness to angiotensin II in hospitalized primigravid women with (Whalley et al.), 481
- uterine venous, peripheral venous, and radial arterial levels of prostaglandins E and F in women with (Valenzuela, Harper, and Hayashi), 11
- intrauterine, calcific salpingitis associated with (Gabriel et al.), 770 (Comm. in brief)
- loss, spontaneous, efficacy of antibiotic therapy in preventing, among couples colonized with genital mycoplasmas (Quinn et al.), 239
- serologic evidence of *Ureaplasma urealyticum* infection in women with (Quinn et al.), 245
- mitral valvotomy in (El-Maraghy et al.), 708
- molar, invasive complications after, and regression of concentrations of beta subunit of human chorionic gonadotropin, relationship of oral contraceptives and intrauterine contraceptive devices to (Ho Yuen and Burch), 14
- normal, activity of natural killer cells in, and edema-proteinuria-hypertension gestosis (Toder et al.), 7

Normal pregnancy (pregnancies)—Cont'd

- comparison with: profile of serum estriol and its conjugates at delivery and in immediate postpartum period in patient with severe polycystic kidney disease (Levitz, Kadner, and Young), 465
- human, in vivo and in vitro study of mechanism of action of synthetic progestin in lowering unconjugated estradiol and total estriol in plasma during (Bedin et al.), 373 (Comm. in brief)
- outcome, correlates of: women refused second-trimester abortion (Binkin et al.), 279
- and perinatal management, ultrasound diagnosis and its impact on: hydramnios (Quinlan, Cruz, and Martin), 306
- in patient(s) with systemic lupus erythematosus (Varner et al.), 1025
- with tricuspid atresia (Hatjis et al.), 114 (Comm. in brief)
- qualitative and quantitative assessment of circadian rhythm of cortisol in (Cousins et al.), 411
- second-trimester, fetoscopic visualization in (Schwartz et al.), 51
- simple cyst of kidney presenting as adnexal mass in (Lenke), 888 (Comm. in brief)
- and Stage IB cervical carcinoma: report of 49 cases (Niskier and Shubat), 203
- term, use of breast stimulation to ripen cervix in (Elliott and Flaherty), 553
- test of autonomic nervous system function in: Valsalva maneuver (Souma and Cabaniss), 274
- toxemia of, observation of organism found in patients with gestational trophoblastic disease and in patients with (Lueck et al.), 15
- Pregnant beagle, experiment¹ induction of toxemia-like syndrome in (Aladjem, Lueck, and Brewer), 27
- ewe, maternal cardiovascular response to caffeine infusion in (Conover, Key, and Resnik), 534
- ovine uterus, nonpregnant and, their distribution and potential vasoactive action in: glycosaminoglycans (Greiss and Wagner), 1041
- rhesus macaques, dexamethasone and estradiol treatment in: effects on gestational length, maternal plasma hormones, and fetal growth (Novy and Walsh), 920
- monkeys, circadian patterns and dexamethasone-induced changes in uterine activity in (Ducsay et al.), 389
- sheep, maternal and fetal cardiovascular effects of nicotine infusion in (Monheit et al.), 290
- modulation of angiotensin II pressor responsiveness by circulating levels of angiotensin II in (Siddiqi et al.), 458
- women with mild hypertension, plasma volume findings in: therapeutic considerations (Sibai et al.), 539
- at parturition and nonpregnant women, enzymatic screening of human uterine cervical biopsies in (Martin et al.), 44
- prenatal screening of, for infections caused by cytomegalovirus, Epstein-Barr virus, herpesvirus, rubella, and *Toxoplasma gondii* (Hunter et al.), 269
- Pregnenolone to progesterone conversion by human placental cells in vitro, steroid modulation of (Grimshaw, Mitchell, and Challis), 234
- Premalignant and malignant cervical biopsies and explants, human, herpesvirus antigen in (Cabral et al.), 79
- Premature labor, atrial fibrillation during hexoprenaline therapy for (Frederiksen, Toig, and Depp), 108 (Comm. in brief)
- complement to beta-sympathomimetic drug therapy in: in vitro study of phosphodiesterase-inhibiting drugs (Berg, Andersson, and Rydén), 802
- maternal complications of parenteral β -sympathomimetic therapy for (Benedetti), 1 (Clinical opinion)
- rupture of membranes, vaginal pool phospholipids in management of (Brame and MacKenna), 992
- Prenatal care, impact of, in different social groups (Greenberg), 797
- diagnosis of esophageal atresia, amniotic fluid acetylcholinesterase as marker in (Holzgreve, Beller, and Pawlowitzki), 641 (Comm. in brief)
- of neural tube defects, clinical approach to use of predictive values in (Sheffield et al.), 319
- Rh typing errors (Schmidt, Pautler, and Samia), 884 (Comm. in brief)
- screening of pregnant women for infections caused by cytomegalovirus, Epstein-Barr virus, herpesvirus, rubella, and *Toxoplasma gondii* (Hunter et al.), 269

- Pressor responsiveness to angiotensin II in hospitalized primigravid women with pregnancy-induced hypertension (Whalley et al.), 481
- modulation of, by circulating levels of angiotensin II in pregnant sheep (Siddiqi et al.), 458
- Preterm labor, spontaneous, improvement in perinatal mortality rate attributed to, without use of tocolytic agents (Boylan and O'Driscoll), 781
- and term tissue, studies of concentration and functional differences of: glucocorticoid receptor in human placenta (Lageson, Spelsberg, and Coulam), 515
- Primigravid women, hospitalized, with pregnancy-induced hypertension, pressor responsiveness to angiotensin II in (Whalley et al.), 481
- Progesterone conversion, pregnenolone to, by human placental cells in vitro, steroid modulation of (Grimshaw, Mitchell, and Challis), 234
- deoxycorticosterone, and deoxycorticosterone sulfate, concentrations of, in maternal venous serum and umbilical arterial and venous sera (Parker et al.), 427
- and estradiol, term decidua response to (Daly, Maslar, and Riddick), 679
- and estrogen, effects of, on thymidine kinase activity in immature rat uterus (Sakamoto et al.), 711
- gonadotropin and estrogen levels, effect of biodegradable contraceptive capsule (Capronor) containing levonorgestrel on (Ory et al.), 600
- production, effect of estrogen antagonism on, in early pregnancy in baboon (*Papio cynocephalus*) (Castracane, Kuehl, and Goldzieher), 725
- and relaxin, effect of, on rat uterine contractions (Sarosi et al.), 402
- Progestin, synthetic, in vivo and in vitro study of mechanism of action of, in lowering unconjugated estradiol and total estriol in plasma during normal human pregnancy (Bedin et al.), 373 (Comm. in brief)
- Prolactin, effect of, in experimental model of ovarian hyperstimulation syndrome (Leung, Ho Yuen, and Moon), 847
- and estradiol, relationship of, to human chorionic gonadotropin following molar gestation (Ho Yuen), 618
- pretreatment, effect of, on prostaglandin $F_{2\alpha}$ -associated structural changes in membranes from rat corpora lutea (Buhr et al.), 263
- production during in vitro decidualization of proliferative endometrium (Daly, Maslar, and Riddick), 672
- Proliferative endometrium, prolactin production during in vitro decidualization of (Daly, Maslar, and Riddick), 672
- Prostacyclin, maternal, thromboxane, and placental blood flow (Ylikorkala et al.), 730
- Prostaglandin(s) E and F, uterine venous, peripheral venous, and radial arterial levels of, in women with pregnancy-induced hypertension (Valenzuela, Harper, and Hayashi), 11
- $F_{2\alpha}$ -associated structural changes in membranes from rat corpora lutea, effect of prolactin pretreatment on (Buhr et al.), 263
- and serotonin, assessment of participatory role of, in pathophysiology of endotoxic shock (Makabali, Mandal, and Morris), 439
- (6-keto-) E_1 , placental vascular responses to, in near-term sheep (Schwartz et al.), 406
- synthetase inhibitors, certain, influence of, on cytoplasmic estrogen receptors in uterus (Sanfilippo et al.), 100
- Protein A, pregnancy-associated plasma, in prediction of early pregnancy failure (Westergaard et al.), 67
- Proteinuria-hypertension-edema gestosis, activity of natural killer cells in normal pregnancy and (Toder et al.), 7
- Pseudogestational-gestational sac: new ultrasonic criterion for differential diagnosis (Abramovici et al.), 377 (Comm. in brief)
- Psychological stress and increases in urinary norepinephrine metabolites, platelet serotonin, and adrenal androgens in women with polycystic ovary syndrome (Lobo et al.), 496
- Purpura, autoimmune thrombocytopenic, antiplatelet antibodies and platelet counts in pregnancies complicated by (Scott, Rote, and Cruikshank), 932
- immunologic thrombocytopenic, effect of maternal steroid administration on fetal platelet count in (Logaridis et al.), 147
- thrombotic thrombocytopenic, associated with oral contraceptives: case report (McShane, Bern, and Schiff), 762 (Comm. in brief)

R

- Race- and birth weight-specific neonatal mortality rates, analysis of: neonatal deaths in Alabama, 1970-1980 (Goldenberg et al.), 545
- Radial arterial, uterine venous, and peripheral venous levels of prostaglandins E and F in women with pregnancy-induced hypertension (Valenzuela, Harper, and Hayashi), 11
- Radical hysterectomy for Stage IB carcinoma of cervix, ovarian function after (Ellsworth, Allen, and Niskier), 185
- vulvectomy with use of tensor fascia lata myocutaneous flap (Chafe et al.), 207
- Radiopaque methylcyanoacrylate, experience with, and trials with FEMCEPT method of female sterilization (Neuwirth et al.), 948
- Real-time ultrasonic placental grading, correlation of, with amniotic fluid lecithin/sphingomyelin ratio (Tabsh), 504
- ultrasound measurements of fetuses and about thirty-four weeks' gestation, simple estimated fetal weight equation based on (Thurnau et al.), 577
- Receptor(s), cytoplasmic estrogen, in uterus, influence of certain prostaglandin synthetase inhibitors on (Sanfilippo et al.), 100
- glucocorticoid, in human placenta: studies of concentration and functional differences of preterm and term tissue (Lageson, Spelsberg, and Coulam), 515
- Relaxin and progesterone, effect of, on rat uterine contractions (Sarosi et al.), 402
- Renal cadaver transplant patients, effect of pregnancy on graft function and graft survival in (Whetham, Cardella, and Harding), 193
- Reproductive potential, preservation of, in diethylstilbestrol-related vaginal adenocarcinoma (Hudson et al.), 375 (Comm. in brief)
- Reversal of sterilization, women requesting, and women satisfied with sterilization, comparison of definable traits in (Leader et al.), 198
- Rh disease, severe—poor outcome is not inevitable (Harman et al.), 823
- typing errors, prenatal (Schmidt, Pautler, and Samia), 884 (Comm. in brief)
- Ritodrine tocolysis, potassium and glucose concentrations without treatment during (Young, Toofanian, and Leveno), 105 (Comm. in brief)
- Rubella, *Toxoplasma gondii*, cytomegalovirus, Epstein-Barr virus, and herpesvirus, prenatal screening of pregnant women for infections caused by (Hunter et al.), 269
- Rupture, premature, of membranes, vaginal pool phospholipids in management of (Brame and MacKenna), 992
- uterine, placenta increta, and previous cesarean section in second-trimester abortion (Berchuck and Sokol), 766 (Comm. in brief)

S

- Salpingitis, calcific, associated with intrauterine pregnancy (Gabriel et al.), 111 (Comm. in brief)
- Scalp electrodes, fetal, complications of: case report (Fernandez), 891 (Comm. in brief)
- Screening, prenatal, of pregnant women for infections caused by cytomegalovirus, Epstein-Barr virus, herpesvirus, rubella, and *Toxoplasma gondii* (Hunter et al.), 269
- Second-look operation (surgical end-staging), improved therapy with cisplatin regimens for patients with ovarian carcinoma (Stages III and IV) as measured by (Cohen et al.), 955
- Serologic evidence of *Ureaplasma urealyticum* infection in women with spontaneous pregnancy loss (Quinn et al.), 245
- Serotonin, platelet, adrenal androgens, and urinary norepinephrine metabolites, psychological stress and increases in, in women with polycystic ovary syndrome (Lobo et al.), 496
- and prostaglandins, assessment of participatory role of, in pathophysiology of endotoxic shock (Makabali, Mandal, and Morris), 439
- Serum estradiol and its conjugates at delivery and in immediate postpartum period, profile of, in patient with severe polycystic kidney disease: comparison with normal pregnancy (Levitz, Kadner, and Young), 465
- lipids and lipoproteins, effects of two low-dose oral contraceptives on: differential changes in high-density lipoprotein subclasses (Krauss et al.), 446

Serum—Cont'd

- maternal venous, and umbilical arterial and venous sera, concentrations of deoxycorticosterone, deoxycorticosterone sulfate, and progesterone in (Parker et al.), 427
- Sex chromosomal influence(s) on somatic growth of fetal gonads in vivo, quantitation of (McCoshen), 469
- cord or plexiform tumors resembling tumors of uterus (Caglar et al.), 639 (Comm. in brief)
- hormone levels and physical characteristics in patients with osteoporotic hip fractures or endometrial cancer (Laufer et al.), 585
- steroid(s), adenomatoid tumor-like structures in subperitoneal nodules produced by (Fujii et al.), 850
- hormone production, adrenal and, by virilizing adrenal adenoma and its diagnosis with computerized tomography (Ho Yuen et al.), 164
- Sexual infantilism accompanied by congenital absence of uterus and vagina: case report (Check, Weisberg, and Laeger), 633 (Comm. in brief)
- Shock, endotoxic, assessment of participatory role of prostaglandins and serotonin in pathophysiology of (Makabali, Mandal, and Morris), 439
- Shoulder dystocia, alternate maneuver for management of (Gonik, Stringer, and Held), 882 (Comm. in brief)
- Shunts, antepartum chronic fetal vesicoamniotic, for obstructive uropathy: report of two cases (Manning et al.), 819
- Smoking and drinking patterns during pregnancy, comparison of, over six-year interval (Streissguth et al.), 716
- and occurrence of congenital malformations and spontaneous abortions: multivariate analysis (Hemminki, Mutanen, and Saloniemi), 61
- Social groups, different, impact of prenatal care in (Greenberg), 797
- Society for Gynecologic Investigation, papers of, 389-523
- of Obstetricians and Gynaecologists of Canada (The), transactions, thirty-eighth annual meeting, 123-268
- Sodium-restricted diet, strongly, and bed rest, decrease of angiotensin sensitivity after, in pregnancy (Jaspers, de Jong, and Mulder), 792
- Somatic growth of fetal gonads in vivo, quantitation of sex chromosomal influence(s) on (McCoshen), 469
- Sonographic placental grading, new use for: detection of intrauterine growth retardation (Kazzi et al.), 733
- Southeast Asia, crab-eating macaque from, dysplasia of lower genital tract in female monkey, *Macaca fascicularis* (Hertig et al.), 968
- Sperm penetration, human, of zona-free hamster ova, factors affecting (Berger et al.), 397
- Spermatozoa motility, tricolor photography for assessment of (Lysikiewicz and Enhorning), 229
- Sphingomyelin, lecithin/, ratio, amniotic fluid, correlation of real-time ultrasonic grading with (Tabsh), 504
- Spina bifida, in United States, estimates of birth prevalence rates of, from computer-generated maps (Greenberg, James, and Oakley), 570
- Spontaneous abortions and congenital malformations, smoking and occurrence of: multivariate analysis (Hemminki, Mutanen, and Saloniemi), 61
- first-trimester, and Y-chromosome length, relationship between (Verp et al.), 433
- pregnancy loss, efficacy of antibiotic therapy in preventing, among couples colonized with genital mycoplasmas (Quinn et al.), 239
- serologic evidence of *Ureaplasma urealyticum* infection in women with (Quinn et al.), 245
- Squamous cell carcinoma of uterine cervix, prognostic significance of tumor antigen TA-4 in (Kato et al.), 350
- State of our union (Maack), 915
- Sterilization, female, trials with FEMCEPT method of, and experience with radiopaque methylcyanoacrylate (Neuwirth et al.), 948
- interval laparoscopic, previous abdominal surgery as risk factor in (Chi, Feldblum, and Balogh), 841
- laparoscopic, with different occlusion techniques, menstrual pattern changes following: review of 10,004 cases (Bhiwandiwalla, Mumford, and Feldblum), 684
- reversal of, women requesting, and women satisfied with sterilization, comparison of definable traits in (Leader et al.), 198

- Steroid(s) administration, maternal, effect of, on fetal platelet count in immunologic thrombocytopenic purpura (Logaridis et al.), 147
- hormone production, sex, adrenal and, by virilizing adrenal adenoma and its diagnosis with computerized tomography (Ho Yuen et al.), 164
- modulation of pregnenolone to progesterone conversion by human placental cells in vitro (Grimshaw, Mitchell, and Challis), 234
- sex, adenomatoid tumor-like structures in subperitoneal nodules produced by (Fujii et al.), 850
- Steroidogenesis, follicle-stimulating hormone-regulated granulosa cell: involvement of calcium-calmodulin system (Carnegie and Tsang), 223
- Stimulation, breast, use of, to ripen cervix in term pregnancies (Elliott and Flaherty), 553
- external physical, of human fetus during episodes of low heart rate variation (Visser et al.), 579
- Stress, psychological, and increases in urinary norepinephrine metabolites, platelet serotonin, and adrenal androgens in women with polycystic ovary syndrome (Lobo et al.), 496
- Subperitoneal nodules produced by sex steroids, adenomatoid tumor-like structures in (Fujii et al.), 850
- Summary of analysis of published articles, 525
- Surfactant foam test, amniotic fluid, quantified scoring of, and assessment of factors contributing to false negative test results (Whitworth et al.), 752
- Surgery, fetal, perspectives on (Elias and Annas), 807
- potential tool for: fetoscope-directed neodymium-YAG laser (DeVore, Dixon, and Hobbins), 379 (Comm. in brief)
- laser, for cervical intraepithelial neoplasia: principles and results (Wright, Davies, and Riopelle), 181
- previous abdominal, as risk factor in interval laparoscopic sterilization (Chi, Feldblum, and Balogh), 841
- Surgical end-staging (second-look operation), improved therapy with cisplatin regimens for patients with ovarian carcinoma (Stages III and IV) as measured by (Cohen et al.), 955
- management, successful in utero: unilateral fetal hydronephrosis (Vintzileos et al.), 885 (Comm. in brief)
- Survival, improved, is related to cesarean section or other perinatal care maneuvers: effect of delivery method on outcomes in very low-birth weight breech infant (Effer et al.), 123
- Sympathomimetic (beta-) drug therapy, complement to, in premature labor: in vitro study of phosphodiesterase-inhibiting drugs (Berg, Andersson, and Rydén), 802
- therapy, parenteral, for premature labor, maternal complications of (Benedetti), 1 (Clinical opinion)
- Syndrome, new, of minor müllerian anomalies and oligomenorrhea, fundal contour of uterine cavity in (Stampe Sørensen), 659
- ovarian hyperstimulation, effect of prolactin in experimental model of (Leung, Ho Yuen, and Moon), 847
- polycystic ovary, psychological stress and increases in urinary norepinephrine metabolites, platelet serotonin, and adrenal androgens in women with (Lobo et al.), 496
- toxemia-like, experimental induction of, in pregnant beagle (Aladjem, Lueck, and Brewer), 27
- Synthetase inhibitors, certain prostaglandin, influence of, on cytoplasmic estrogen receptors in uterus (Sanfilippo et al.), 100
- Systemic lupus erythematosus, pregnancy in patients with (Varner et al.), 1025

T

- Tensor fascia lata myocutaneous flap, radical vulvectomy with use of (Chafe et al.), 207
- Term decidua response to estradiol and progesterone (Daly, Maslar, and Riddick), 679
- pregnancies, use of breast stimulation to ripen cervix in (Elliott and Flaherty), 553
- and preterm tissue, studies of concentration and functional differences of: glucocorticoid receptor in human placenta (Lage-son, Spelsberg, and Coulam), 515
- prospective controlled study of maternal and perinatal outcome after intra-amniotic infection at (Yoder et al.), 695
- Test, amniotic fluid surfactant foam, quantified scoring of, and assessment of factors contributing to false negative test results (Whitworth et al.), 752
- of autonomic nervous system function in pregnancy: Valsalva maneuver (Souma and Cabaniss), 274

- Test—Cont'd
- nonstress, effect of maternal glucose administration on specificity of (Richardson et al.), 141
- Testing, in vitro, of sensitivity to chemotherapy of gynecologic malignancies, soft agar colony formation assay for (Williams et al.), 940
- Thrombocytopenic purpura, autoimmune, antiplatelet antibodies and platelet counts in pregnancies complicated by (Scott, Rote, and Cruikshank), 932
- immunologic, effect of maternal steroid administration on fetal platelet count in (Logaridis et al.), 147
- thrombotic, associated with oral contraceptives: case report (McShane, Bern, and Schiff), 762 (Comm. in brief)
- Thromboembolism prophylaxis, venous, in gynecologic oncology: prospective, controlled trial of low-dose heparin (Clarke-Pearson et al.), 606
- Thrombotic thrombocytopenic purpura associated with oral contraceptives: case report (McShane, Bern, and Schiff), 762 (Comm. in brief)
- Thromboxane, maternal prostacyclin, and placental blood flow (Ylikorkala et al.), 730
- Thymidine kinase activity, effects of estrogen and progesterone on, in immature rat uterus (Sakamoto et al.), 711
- Tissue(s) of human female genital tract, generation of angiotensin I by (Craven, Warren, and Symonds), 749
- follicular, activity of 3 β -hydroxysteroid dehydrogenase and Δ^4 -5 isomerase in (Readhead, Lobo, and Kletzky), 491
- uterine decidua vera, characterization of catechol-O-methyltransferase activity in (Casey and MacDonald), 453
- preterm and term, studies of concentration and functional differences of: glucocorticoid receptor in human placenta (Lage-son, Spelsberg, and Coulam), 515
- Tocolysis, ritodrine, potassium and glucose concentrations without treatment during (Young, Toofanian, and Leveno), 105 (Comm. in brief)
- Tocolytic agents, improvement in perinatal mortality rate attributed to spontaneous preterm labor without use of (Boylan and O'Driscoll), 781
- Tomography, computerized, its diagnosis with, adrenal and sex steroid hormone production by virilizing adrenal adenoma and (Ho Yuen et al.), 164
- Toxemia-like syndrome, experimental induction of, in pregnant beagle (Aladjem, Lueck, and Brewer), 27
- of pregnancy, observation of organism found in patients with gestational trophoblastic disease and in patients with (Lueck et al.), 15
- Toxicity, central nervous system, related to prolonged metronidazole therapy (Alvarez et al.), 640 (Comm. in brief)
- Toxoplasma gondii*, cytomegalovirus, Epstein-Barr virus, herpesvirus, and rubella, prenatal screening of pregnant women for infections caused by (Hunter et al.), 269
- Transactions, first annual meeting, American Gynecological and Obstetrical Society, 915-1075
- thirty-eighth annual meeting, The Society of Obstetricians and Gynaecologists of Canada, 123-268
- Transfusion, intrauterine: kinetics of absorption of donor cells in fetal lambs (Harman et al.), 830
- Transplant patients, renal cadaver, effect of pregnancy on graft function and graft survival in (Whetham, Cardella, and Harding), 193
- Tricolor photography for assessment of spermatozoa motility (Lysikiewicz and Enhorning), 229
- Tricuspid atresia, pregnancy in patient with (Hatjis et al.), 114 (Comm. in brief)
- Trophoblastic disease, gestational, observation of organism found in patients with, and in patients with toxemia of pregnancy (Lueck et al.), 15
- Tumor(s), adenomatoid, -like structures in subperitoneal nodules produced by sex steroids (Fujii et al.), 850
- antigen TA-4, prognostic significance of, in squamous cell carcinoma of uterine cervix (Kato et al.), 350
- carcinoid, and pregnancy (Durkin), 757 (Current developments)
- granulosa cell, chemotherapy of (Camlibel and Caputo), 763 (Comm. in brief)
- plexiform or sex cord, resembling tumors of uterus (Caglar et al.), 639 (Comm. in brief)
- Twins, conjoined, clustering of, in Jerusalem, Israel: epidemiologic survey (Kaplan and Eidelman), 636 (Comm. in brief)

- Typhoid fever on obstetrics-gynecology service (Duff and Engels-gjerd), 113 (Comm. in brief)
Typing errors, prenatal Rh (Schmidt, Pautler, and Samia), 884 (Comm. in brief)

U

- Ultrasonic criterion, new, for differential diagnosis: gestational-pseudogestational sac (Abramovici et al.), 377 (Comm. in brief)
and endocrinologic measurements, correlation of, in human menopausal gonadotropin therapy (Marrs, Vargyas, and March), 417
placental grading, real-time, correlation of, with amniotic fluid lecithin/sphingomyelin ratio (Tabsh), 504
Ultrasonographic estimation of fetal weight in very low-birth weight infant (Key, Dattel, and Resnik), 574
Ultrasound diagnosis and its impact on perinatal management and pregnancy outcome: hydramnios (Quinlan, Cruz, and Martin), 306
measurements, real-time, of fetuses less than thirty-four weeks' gestation, simple estimated fetal weight equation based on (Thurnau et al.), 557
Umbilical arterial and venous sera and maternal venous serum, concentrations of deoxycorticosterone, deoxycorticosterone sulfate, and progesterone in (Parker et al.), 427
blood flow, effect of reducing, on fetal oxygenation (Itskovitz, LaGamma, and Rudolph), 813
vein and superior and inferior venae cavae of fetal sheep, phasic blood flow patterns in (Reuss, Rudolph, and Dae), 70
Union, state of (Maack), 915
United States, estimates of birth prevalence rates of spina bifida in, from computer-generated maps (Greenberg, James, and Oakley), 570
Ureaplasma urealyticum infection, serologic evidence of, in women with spontaneous pregnancy loss (Quinn et al.), 245
Urinary norepinephrine metabolites, platelet serotonin, and adrenal androgens, psychological stress and increases in, in women with polycystic ovary syndrome (Lobo et al.), 496
tract disorders, lower, diagnosis of, in postmenopausal patients (Bent, Richardson, and Ostergard), 218
Uroflowmetry, fluid weight, in women (Fantl et al.), 1017
Uropathy, obstructive, antepartum chronic fetal vesicoamniotic shunts for: report of two cases (Manning et al.), 819
Uterine activity data, II. Oxytocin augmentation of dysfunctional labor (Seitchik and Castillo), 526
in pregnant rhesus monkeys, circadian patterns and dexamethasone-induced changes in (Ducsay et al.), 389
cavity, fundal contour of, in new syndrome of minor müllerian anomalies and oligomenorrhea (Stampe Sørensen), 659
cervical biopsies, human, enzymatic screening of, in nonpregnant women and pregnant women at parturition (Martin et al.), 44
cervix, squamous cell carcinoma of, prognostic significance of tumor antigen TA-4 in (Kato et al.), 350
contractility index: research and diagnostic tool in dysmenorrhea (Schulman, Duvivier, and Blattner), 1049
contractions, rat, effect of relaxin and progesterone on (Sarosi et al.), 402
decidua vera, human, characterization of ornithine decarboxylase activity in (Garza et al.), 509
tissue, human, characterization of catechol-O-methyltransferase activity in (Casey and MacDonald), 453
rupture, placenta increta, and previous cesarean section in second-trimester abortion (Berchuck and Sokol), 766 (Comm. in brief)
venous, peripheral venous, and radial arterial levels of prostaglandins E and F in women with pregnancy-induced hypertension (Valenzuela, Harper, and Hayashi), 11
Uterus, immature rat, effects of estrogen and progesterone on thymidine kinase activity in (Sakamoto et al.), 711
influence of certain prostaglandin synthetase inhibitors on cytoplasmic estrogen receptors in (Sanfilippo et al.), 100
nonpregnant and pregnant ovine, their distribution and potential vasoactive action in: glycosaminoglycans (Greiss and Wagner), 1041
plexiform or sex cord tumors resembling tumors of (Caglar et al.), 639 (Comm. in brief)

Uterus—Cont'd

- and vagina, sexual infantilism accompanied by congenital absence of: case report (Check, Weisberg, and Laeger), 633 (Comm. in brief)

V

- Vagina and uterus, sexual infantilism accompanied by congenital absence of: case report (Check, Weisberg, and Laeger), 633 (Comm. in brief)
Vaginal adenocarcinoma, diethylstilbestrol-related, preservation of reproductive potential in (Hudson et al.), 375 (Comm. in brief)
pool phospholipids in management of premature rupture of membranes (Brame and MacKenna), 992
Valsalva maneuver: test of autonomic nervous system function in pregnancy (Souma and Cabaniss), 274
Valvotomy, mitral, in pregnancy (El-Maraghy et al.), 708
Variability assessment, short-term, from abdominal electrocardiogram during antepartum period (Nageotte et al.), 566
Variable decelerations, atypical, VIII. Intrapartum fetal heart rate monitoring (Krebs, Petres, and Dunn), 297
Vascular responses, placental, to 6-keto-prostaglandin E₁ in near-term sheep (Schwartz et al.), 406
Vasoactive action, potential, and distribution, their, in nonpregnant and pregnant ovine uterus: glycosaminoglycans (Greiss and Wagner), 1041
Vein, umbilical, and superior and inferior venae cavae of fetal sheep, phasic blood flow patterns in (Reuss, Rudolph, and Dae), 70
Venae cavae, superior and inferior, and un iliac vein of fetal sheep, phasic blood flow patterns in (Reuss, Rudolph, and Dae), 70
Venous serum, maternal, and umbilical arterial and venous sera, concentrations of deoxycorticosterone, deoxycorticosterone sulfate, and progesterone in (Parker et al.), 427
thromboembolism prophylaxis in gynecologic oncology: prospective, controlled trial of low-dose heparin (Clarke-Pearson et al.), 606
uterine, peripheral venous, and radial arterial levels of prostaglandins E and F in women with pregnancy-induced hypertension (Valenzuela, Harper, and Hayashi), 11
Very low-birth weight breech infant, effect of delivery method on outcomes in: is improved survival related to cesarean section or other perinatal care maneuvers (Effer et al.), 123
infant(s) born at perinatal center, outcome of (Hoskins et al.), 135
ultrasonographic estimation of fetal weight in (Key, Dattel, and Resnik), 574
Vesicoamniotic shunts, antepartum chronic fetal, for obstructive uropathy: report of two cases (Manning et al.), 819
Virilizing adrenal adenoma, adrenal and sex steroid hormone production by, and its diagnosis with computerized tomography (Ho Yuen et al.), 164
Virus, Epstein-Barr, herpesvirus, rubella, *Toxoplasma gondii*, and cytomegalovirus, prenatal screening of pregnant women for infections caused by (Hunter et al.), 269
infection, genital herpes simplex, characteristics and management of pregnancy in women with (Harger et al.), 784
Visual system, maturational sequence of: serial measurements of visual evoked potential and electroretinogram in healthy neonatal lamb (Woods et al.), 738
Volume expansion, normal plasma, clinical signs of, during pregnancy (Goodlin et al.), 1001
Vulvectomy, radical, with use of tensor fascia lata myocutaneous flap (Chafe et al.), 207

W

- Weight equation, simple estimated fetal, based on real-time ultrasound measurements of fetuses less than thirty-four weeks' gestation (Thurnau et al.), 557
fetal, ultrasonographic estimation of, in very low-birth weight infant (Key, Dattel, and Resnik), 574
uroflowmetry, fluid, in women (Fantl et al.), 1017

Z

- Zona-free hamster ova, factors affecting human sperm penetration of (Berger et al.), 397
